IN PREPARING THIS BOOK for the students of PHS, many things had to be considered. A theme had to be chosen which would inspire all who read the book to strive for great things in the future, yet bring the realization that TODAY had been great and TOMORROW could be good. Here the year is presented to you to prove that your TODAY was wonderful.

The World On A String was chosen as the theme to convey to you these things. We, as the Youth of TODAY, do have the world in the palm of our hands, for every opportunity and advantage is available to us. We must savor each moment and live it to the fullest. The 1960 Owl shows you in your PHS world from March, 1959, to March, 1960, as you lived in it. Enjoy reviewing it here, and go on to a bright future clutching The World On A String.

The 1960 OWL Honors Coaches

WE DEDICATED THE 1960 OWL to you because you allowed us to be a part of your lives. You gave unselfishly of your time, efforts, and yourselves for our betterment in mind and body.

You have endeared yourselves to us in many ways. Without your expert help and guidance, we at Paris High School would feel the loss.

Because you were a symbol and a part of our lives and world at Paris High for four years, we give you the most precious gift that we have to offer, one recorded year of our lives. Because you have dedicated your lives to us, we dedicate our book—THE 1960 OWL—to you

'60 Yearbook Salutes Berry, Barnett, Lively

"Into each life some rain must fall" is a favorite expression of Mr. Paul Lively, especially while he is grading test papers. Who can forget the trips to the board, his autographed paddle, and his famous greeting, "Hey, Coach!" (Another faculty member, Mr. Jerry Branch seems oblivious to THE OWL photographer!)

Top right: Signing in and out each day is a regular duty of PHS faculty members. Mr. Peter Barnett looks pensive as he begins the day.

Circle: "Get in there and play some ball!" might well be what Mr. Raymond Berry is urging Tommy Grant to do. Coach is usually found pacing the sidelines every Friday night during football season.

"Why, that boy made the shot from mid-court!" Mr. Robert Fagan, basketball coach, exclaims as he describes the action in a game with Texarkana. Mr. Lively, Mr. Berry, and Mr. Barnett seem a little dubious, as do the other two coaches, Mr. Robert Abshire and Mr. Bill Reddell.

PHS — Our World On A String

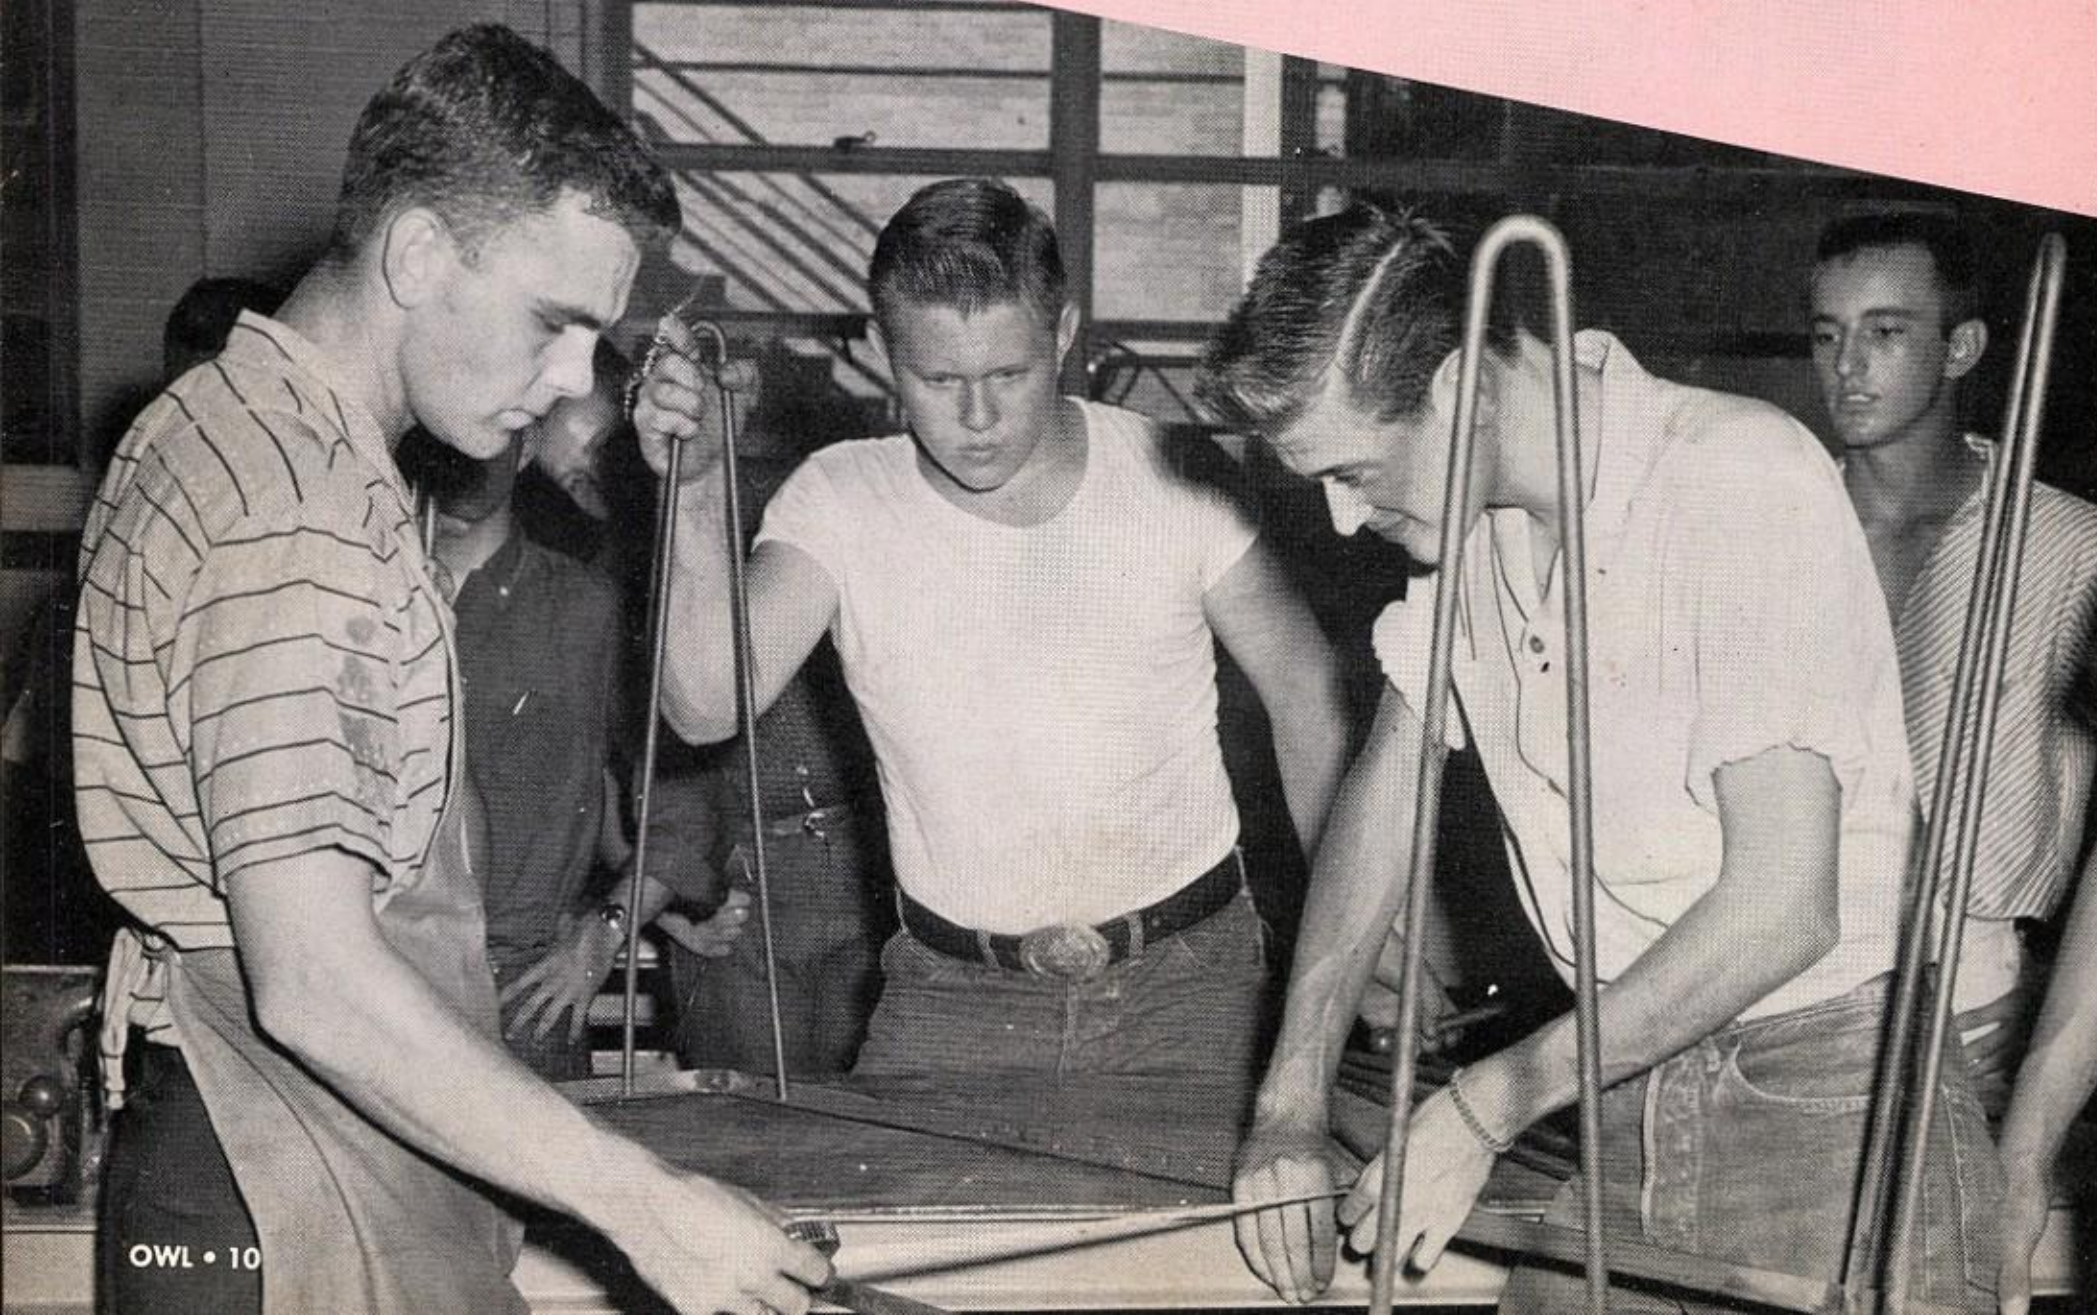

As the Latin Club chorus line reviews a scene from the French Follies, they create fun and frolic for Jeanne

Posey and the audience during the 1959 Stunt Nite Program.

Creative Talents Are Utilized by PHS Students

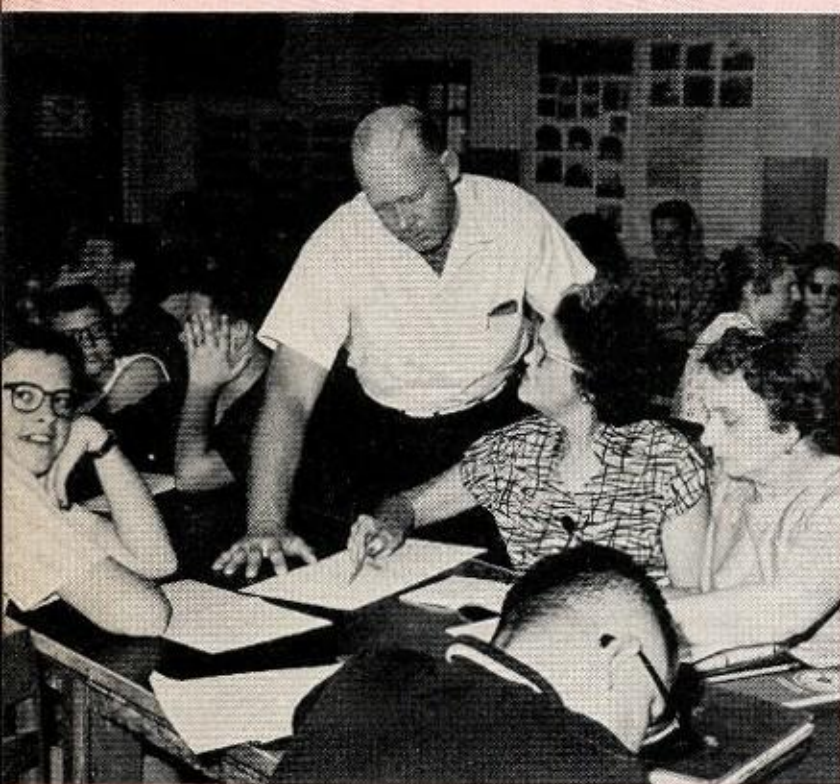

Creating is a key-word in the metal and wood-working departments of PHS. Here Mr. Jerry Branch, instructor, aids shop students in making a table for school use.

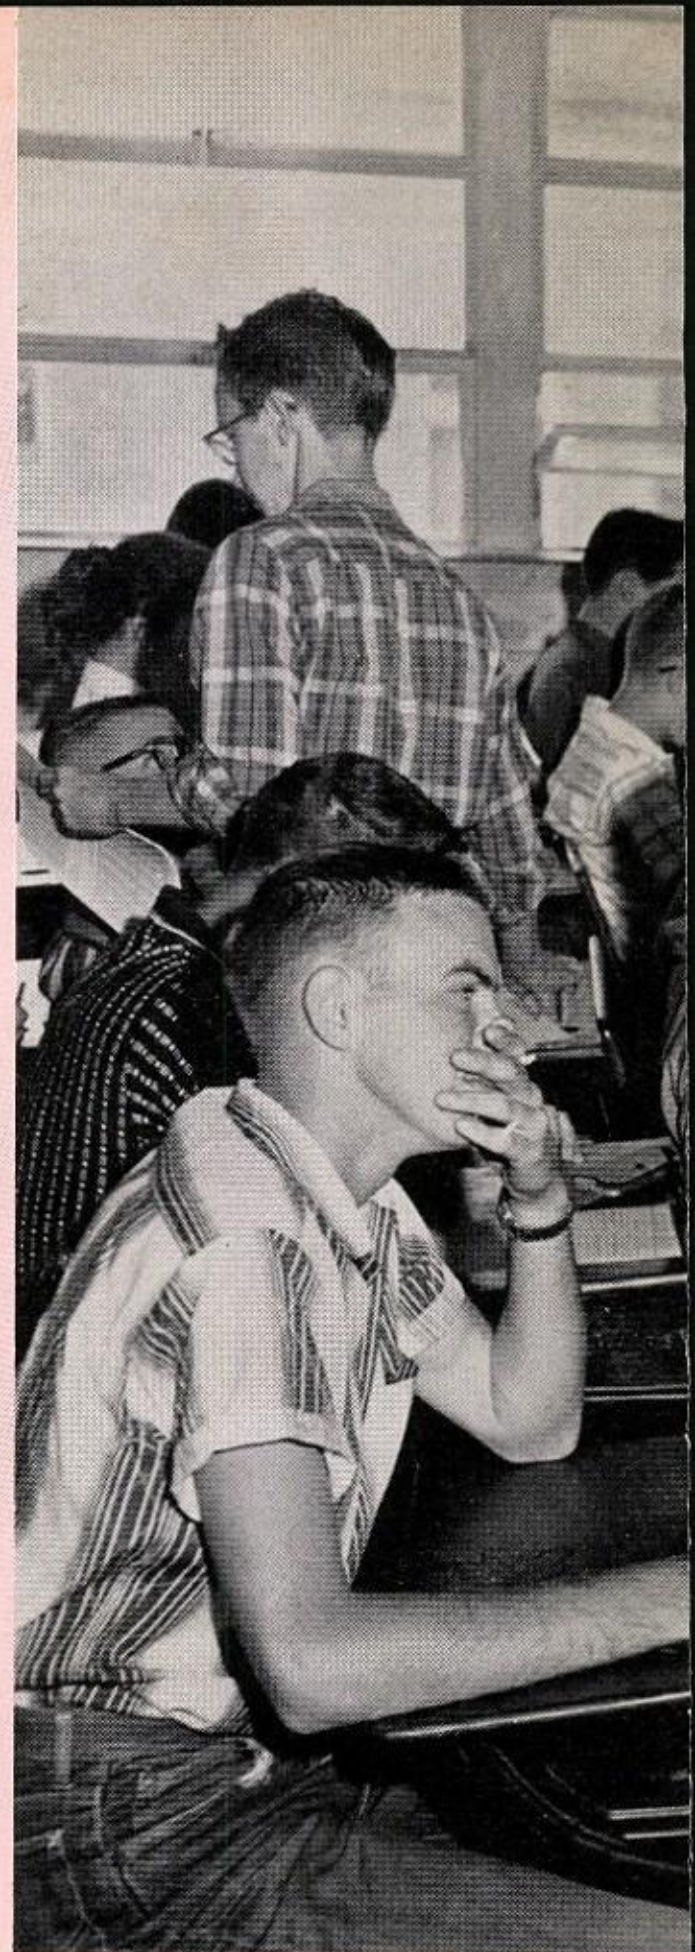

The Freshman Class Chorus, directed by Miss Celia Donaldson, presents an inspirational Easter assembly for the student body. The setting and program showed the creative ability engendered in PHS students.

Mr. David Clark helps Jackie Armstrong "see the light" in his general science final exam.

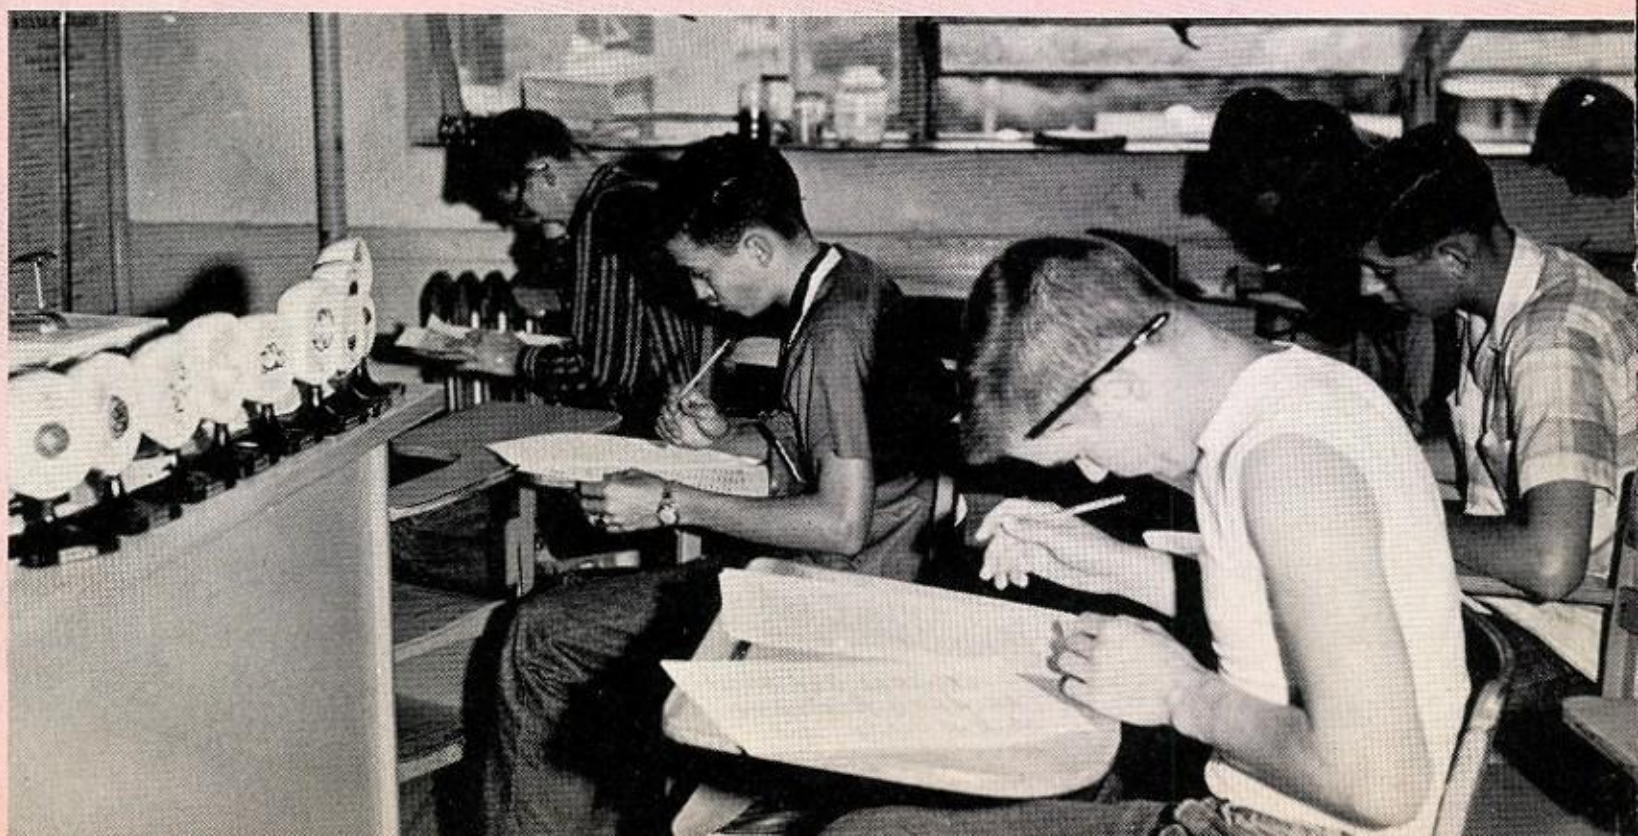

Summer school is not confined to teens only. Here Mr. J. C. Coker gives Miss Stella Mae Crain and Mrs. Lester Mullens additional help with student driver's training.

Tests and Discussions Set the Pace for Study

Tony Hutto seems confident as he whizzes through his final biology exam.

These not-quite-confident students accept their S.Q.T. tests from Linda Thrash. The 1960 Seniors are shown

here as Juniors taking the test which proved helpful to college-bound students.

For the 1960 Senior: Seven Achievement Tests

STUDY! STUDY! STUDY! A student's world was comprised of many hours of study, but all agreed that this was essential for the world in which we lived.

Everyone worked hard and studied long to make good grades on the examinations that faced them. Aside from the usual daily work and quizzes, Juniors and Seniors took special scholar-

ship and aptitude tests throughout the year. These tests were given so that the students could try for scholarships from various colleges. They also helped to determine the fields in which the students were most capable. Realizing the increasing need to be qualified for college entrance, PHS Seniors "hit the books."

Books Aside, Students Concentrate on Frivolity in Rallies, Socials, Programs, Dances

The Freshmen, 300 strong, join in for a pep rally with vigor and gusto.

Sherry Jones and Sammy Short enjoy the back-to-school dance, as do other members of the 1960 Freshman class.

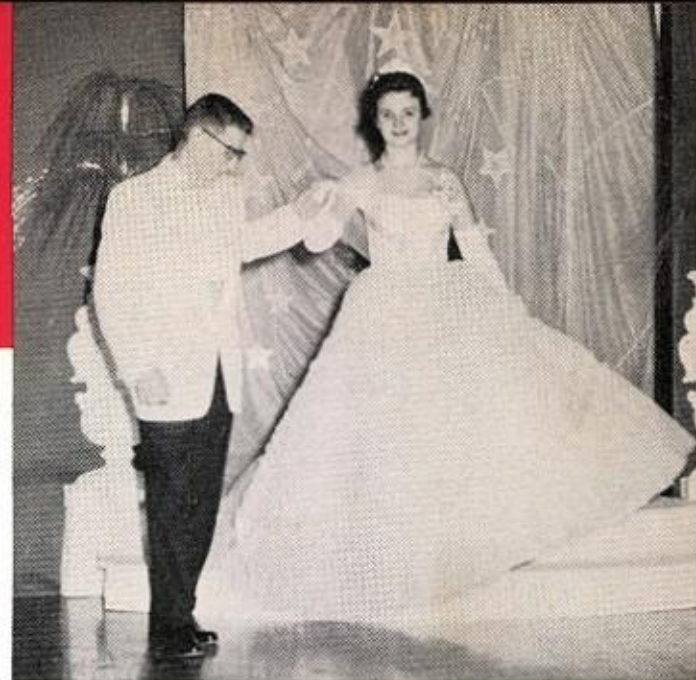

Miss Mary Wilson and Miss Celia Donaldson, dedicates of the 1959 yearbook, treat the staff to a coke party.

Fads + Uniqueness + Novelty = Fun

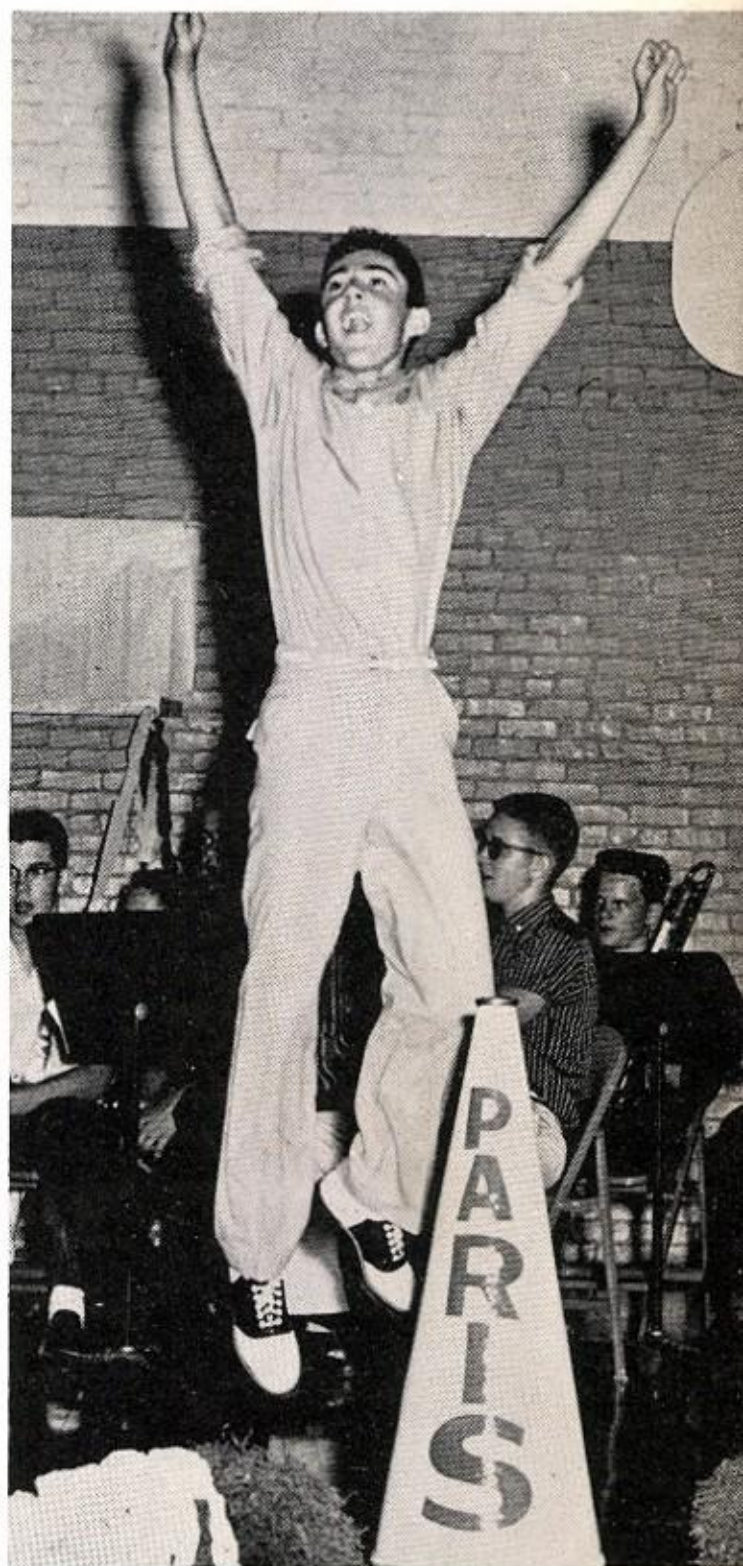

Ginna Stone drifts from a starlit cloud and is met by her prom escort, Waldo Perry. The 1959 Prom, another highlight in PHS fun.

FROM PEP RALLIES to proms, these mark the extremes of fun that were remembered at PHS. Who could forget the assemblies, initiations, picnics, parades, parties, and other inexhaustible varieties of enjoyment?

Fun is essential to the world and life of a student. He could not be a well-rounded person without it. The joy of studying, meeting new people, and taking part in extracurricular activities were other synonyms for the fun that lay in every corridor and classroom at Paris High School, waiting to be discovered and enjoyed.

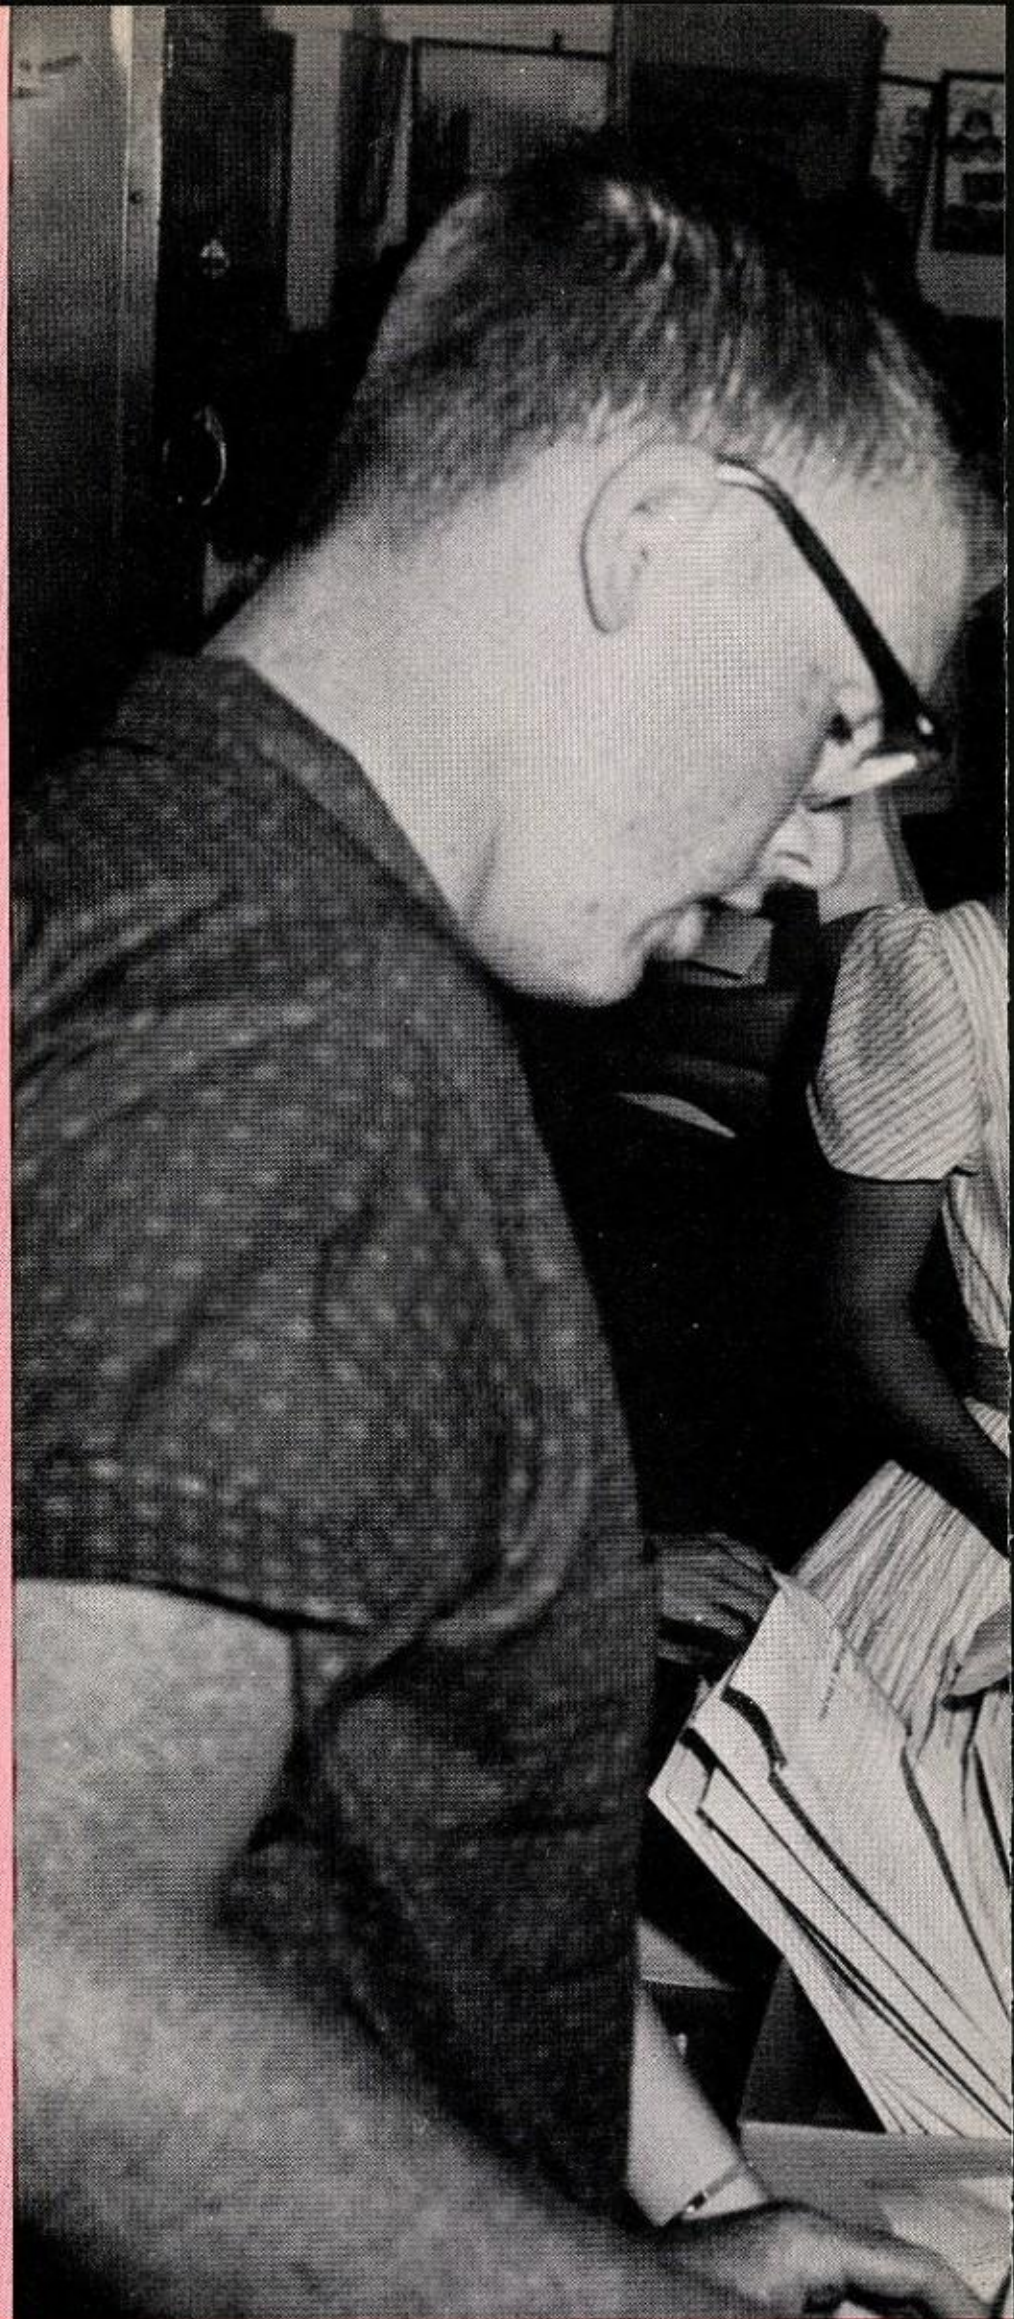

Twenty-three skidoo! Plug Clem and Diane Walker entertain at the final assembly given by the 1959 Seniors. The Charleston proved to be a perfect exit for Plug and Diane.

"Yea Team!" shouts Rodney Flippen during one of the weekly pep rallies for the football season.

FROM THE STUDENT'S arrival at school until the four o'clock bell, each day at Paris High School was eventful. The atmosphere throughout the day was charged with the electricity of each occurrence. Events, both special and otherwise, composed the excitements and memories of the student's life. Pep rallies, plays, and proms were included in the whirl of activities at Paris High School with each student able to say **"I've Got The World on A String, Sitting on A Rainbow."** From March, 1959, to March, 1960, days were supersaturated with events, and it can truly be said that there was never a dull moment at PHS.

O-DAY — The culmination of the year-book circulation campaign is an outstanding event. →

March Is Crammed With Incidents and Hilarity

Jimmy Williams and Mike Long accept their basketball jackets from Principal Cunningham.

WITH MARCH, 1959, came many bright and exciting events. Stunt Night, spring concerts, the operetta, "Tune In," and special assemblies were included in the many happenings. These events supplied the student body and the faculty with laughter, as March left PHS with its sides aching.

"Saturday Afternoon Matinee" won second prize for the Tri-Hi-Y in Stunt Night competition.

As Paris High Seniors Prepare for Graduation

Mr. Weger leads the student body in the singing of Texas songs during the San Jacinto Day Assembly.

APRIL SHOWERED PHS students with many activities. There were dances, yell leader tryouts, honors, awards, and graduation announcements to address. For the Seniors, April brought awareness that high school days were almost at an end. For Freshmen, Sophomores, and Juniors, it brought closer the treasured Senior year. Every moment there was something to do, something to see, or something to learn.

1959 Seniors receive their graduation announcements from Mr. Jay Tom Holley.

"You're The Divine Flora!" exclaims Tex (Mike Haynes) to Flora (Rosemary Garrett).

Mr. Pryor (Bill George) relaxes in one of the few calm moments during his vacation.

Flora receives encouragement from her friend Tex during one of her blue moments about her father.

Tex dives through the window with Flora's help while trying to escape from his teenage admirers.

1959 Seniors Produce Hit

"But we didn't elope!" Tex and Flora protest when accused by Mr. Pryor, Mr. Dean (Bill Morris), Flora's father, and Tex's wife, Daphne Gillford (Jo Anne Bowen).

finale that turns their happiness into horror when they see the two new girls.

Divine Flora Provides Two Nights of Laughter

Randy and Buzz are aghast when Flora, the poor, pitiful wallflower, exclaims, "My petticoat is falling off!"

Trouble follows Randy and Buzz as Mr. Dean demands to know what they have done with Etta (Flora).

Dancing under filmy clouds, Juniors and Seniors enjoy the "Moon Fantasy" prom.

JUNIORS AND SENIORS were caught in the glamour of "Moon Fantasy" for one night. The strains of "Stardust" filled the decorated gym, and enchanted all who attended. As onlookers watched from the crowded stands, the swish of dresses and the shuffle of feet could be heard as couples swayed to the music.

The mirror dance done by Marian and Nancy Bledsoe provides intermission entertainment for prom guests.

All eyes are focused on Linda Thrash as she relates her experiences while selecting "My Prom Dress."

"Moon Fantasy" Captivates Juniors and Seniors

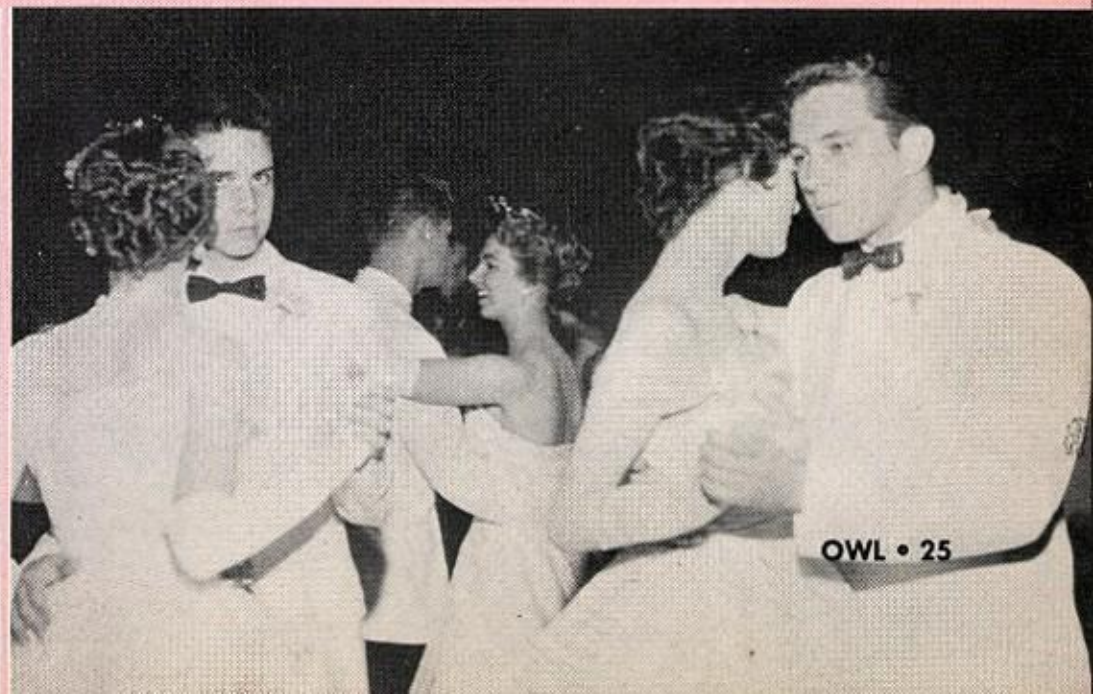

Under a starlit pavilion, Juniors and Seniors dance in an imaginary world of make-believe.

With a canopy of stars floating above, a dreamy atmosphere prevails the entire evening.

The receiving line at the prom, composed of class officers and sponsors, offers a friendly welcome to invited guests.

The "Moon Fantasy" Prom will be a cherished memory by all who attended. 1959 Seniors will long remember their last prom.

The Ice Cream Year . . . Days of Our Youth

EXCITEMENT FILLED the air as Ginna Stone unveiled The 1959 Owl. Following the dedication ceremony, hundreds of students, faculty, and friends thronged to the gym floor to receive brand new copies of the forty-sixth edition of the PHS yearbook.

The "Ice Cream" book, whose contents disclosed a complete year at Paris High School from March, 1958, to March, 1959, was a delight to all. The reception given the yearbook repaid the staff for its many hours of work.

Ginna Stone, Editor, and Regina Spencer, Business Manager, discuss the new yearbook with one of the 1959 Owl dedicatees, Miss Mary Wilson.

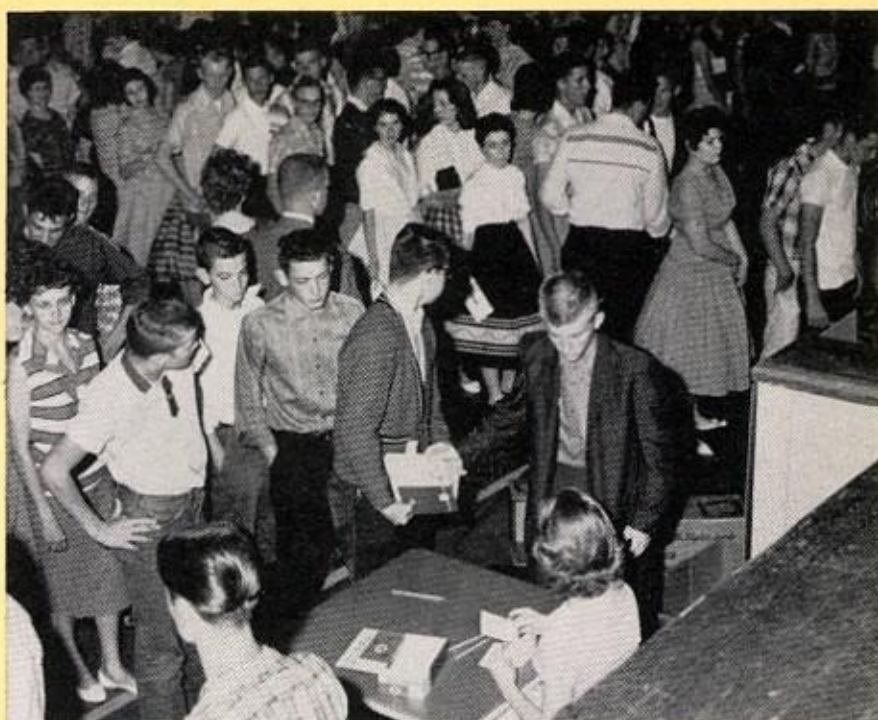

Signing Owls and discovering new pictures following the dedication service for the yearbook affords PHS students many happy hours.

1959 Seniors receive their caps and gowns from Mr. Robert Fagan and Mr. Felix Gibson.

Paris High Graduates 162 Seniors

"A DIPLOMA is only as important as you want it to be," stated the 1959 graduation speaker, Mrs. Oliver Kimbrough of Santa Fe, New Mexico, to 162 PHS Seniors. May 29, 1959, was a milestone to the graduates, for it marked the end of four years of high school training and the beginning of new paths to the future.

Every Moment of Summer Occupied

SUMMER WAS jam-packed with alacrity. Summer school, jobs, vacations ranging from California to Washington, D. C., parties, and just plain loafing filled every moment. As early summer ripened, the students' pace quickened with everyone trying to include in his activities as much fun as possible to serve as memories for the long winter months ahead.

October Brings Homecoming and Varied Events

A CLAP OF THUNDER and a steady downpour of rain ushered in the Homecoming Day, October 30, 1959. This, however, did not dampen the spirits of students and ex-students of PHS. From early morning until late at night there were jobs to be done getting ready for Homecoming. With the Student Council at the helm, plans for the big day progressed with the help of the Tri-Hi-Y, National Honor Society, Key Club, Owl Staff, Yell Leaders, and Future Homemakers. All students helped with invitations and general preparations.

The registration table was busy throughout the day with returning exes greeting each other and enjoying seeing their alma mater. The downstairs dining room hummed with laughter and greetings over cups of coffee. The interior of the school glistened with the light and excitement of the day. Welcome banners, decorated lockers, and booster ribbons were displayed in every nook and cranny.

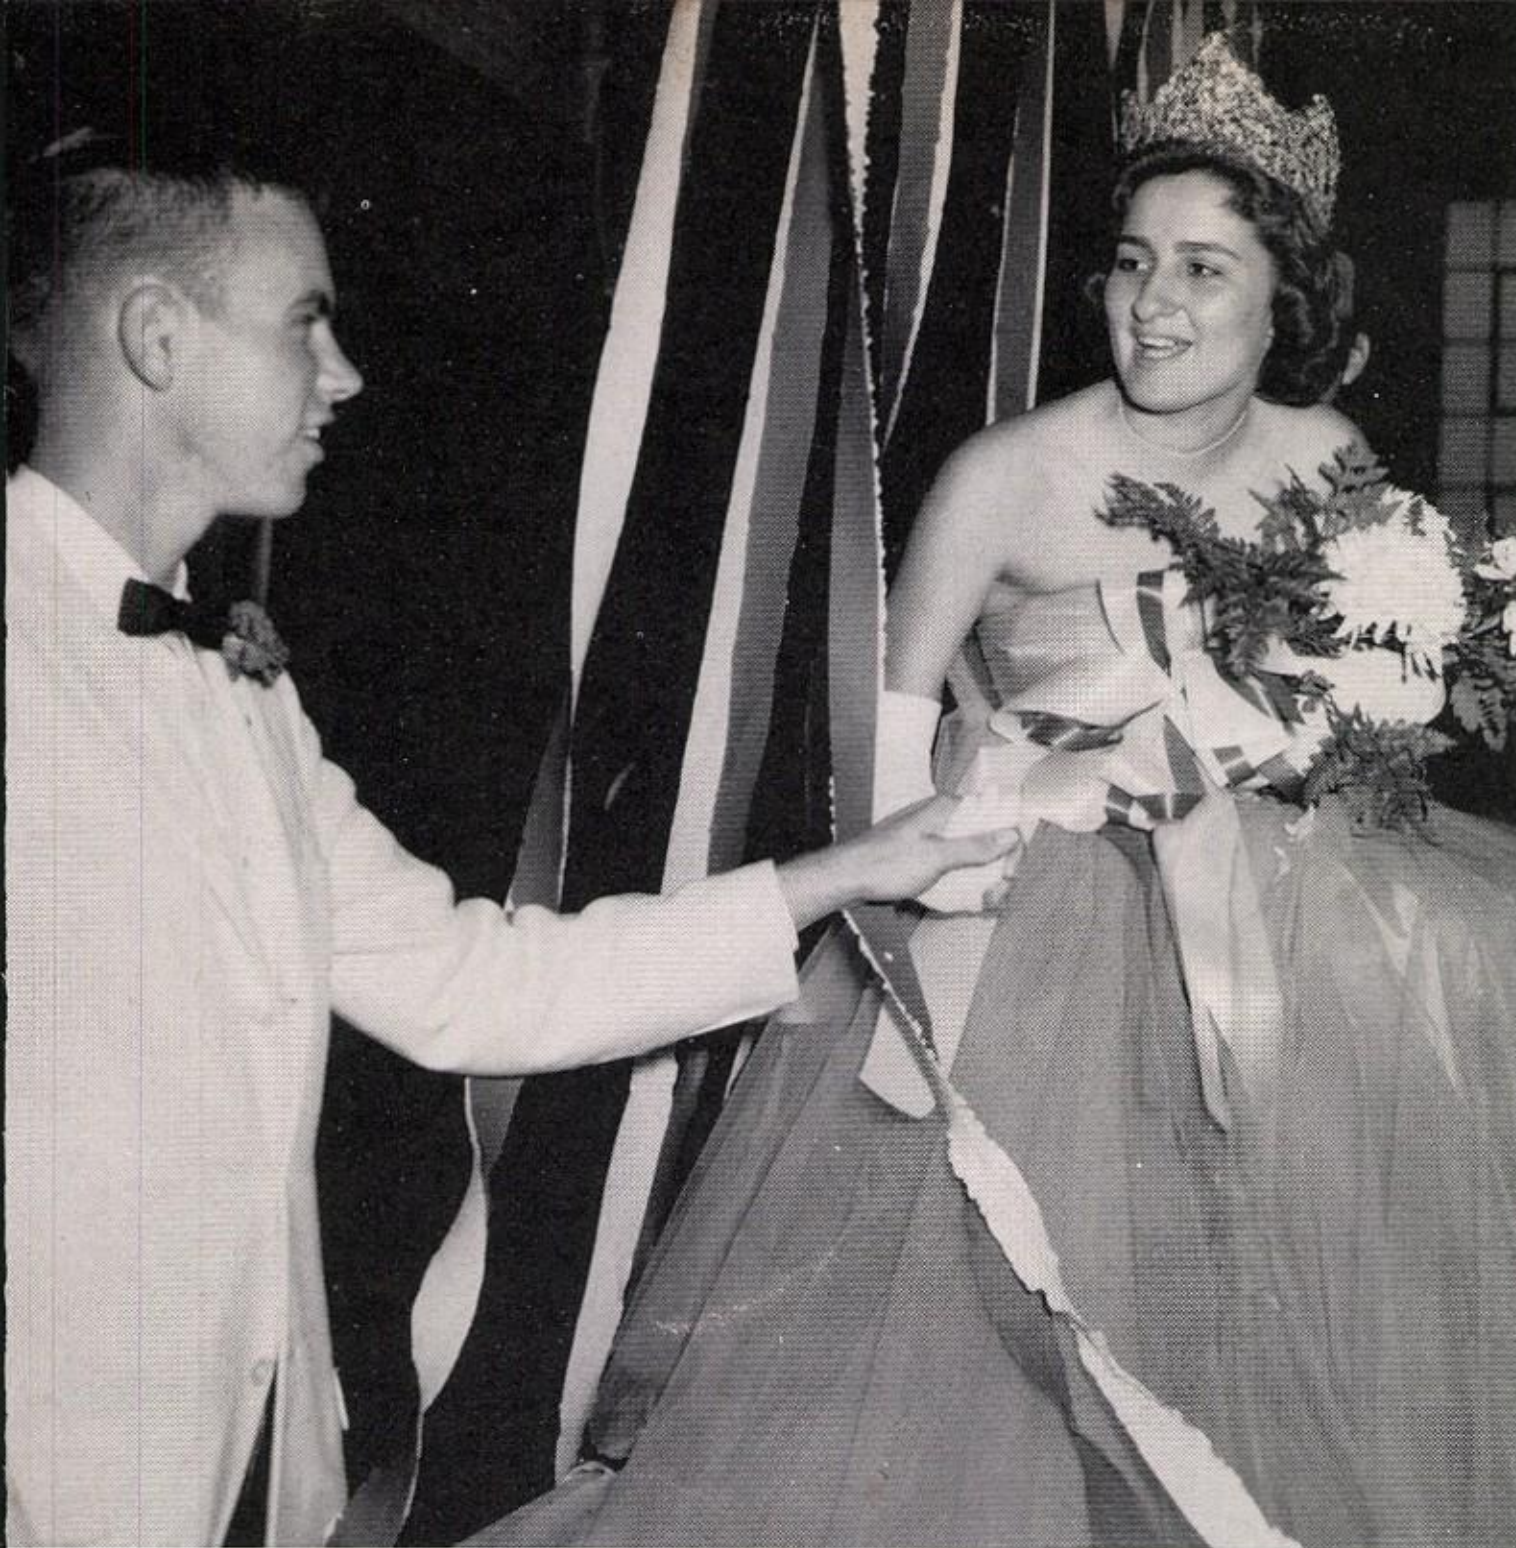

The coronation of the 1959 Homecoming Queen, Marian Bledsoe, was the highlight of the assembly program in the afternoon. Following a rousing football clash with Gainesville and a reception in the gym afterwards, students and exes felt that they truly had **THE WORLD ON A STRING**.

These five PHS students get Homecoming Week off to a good start by decorating their lockers in traditional school colors of blue and white.

"Will it be Jan, Judy, or Marian?" asks "Skippy" Langley as he presents the 1959 Homecoming Queen Nominees to the student body prior to the final voting.

Mrs. J. C. Coker, a PHS ex, registers in the main corridor as the reception committee beams its welcome. Students throughout the building welcomed guests and exes during the day.

Holiday Sparkle Glistens on Christmas Season

"I can't quite reach the top!" laments Kaye Shelton as the Library Assistants add a festive touch to the library with a Christmas tree.

OUR WORLD WAS transformed into a Christmas land during December. Everyone was captivated by the Christmas spirit as parties and assemblies filled the calendar. PHS journalists journeyed to Denton for the Texas High School Press Association's annual meeting, the football boys received their letter jackets, and basketball season got underway. Soon, the strains of Christmas carols sung in Latin, German, Spanish, and English filtered through the corridors of our school.

The gymnasium became a "Winter Wonderland" for the Senior-sponsored Christmas Party at which the 1960 Owl Sweethearts were revealed. This all-school party was the highlight of our event-filled holiday season and climaxed another year of OUR WORLD.

Dancing in a "Winter Wonderland," the Christmas party sponsored by the Senior Class, followed the revelation of the 1960 Owl Sweethearts, the Best Citizens from each class, and Best All-Round from each class.

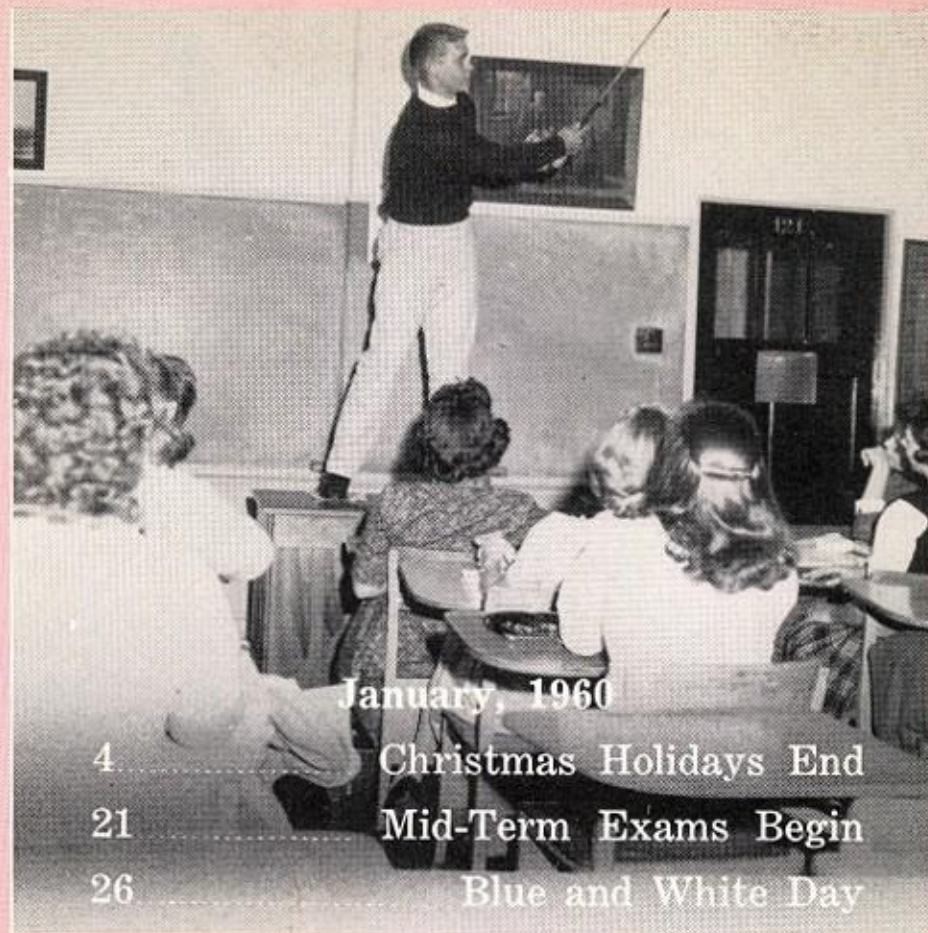

1960 Owl Sweethearts, Freshmen Carole Dickerson and Ronnie Jones, are presented with their badges of honor by Yearbook Editor Pat Jessee and Principal Dee Cunningham.

January Ushers in New Semester and Leap Year

Fore! Jim Jeffries, atop the teacher's desk, demonstrates to the fifth period speech class the art of teeing off.

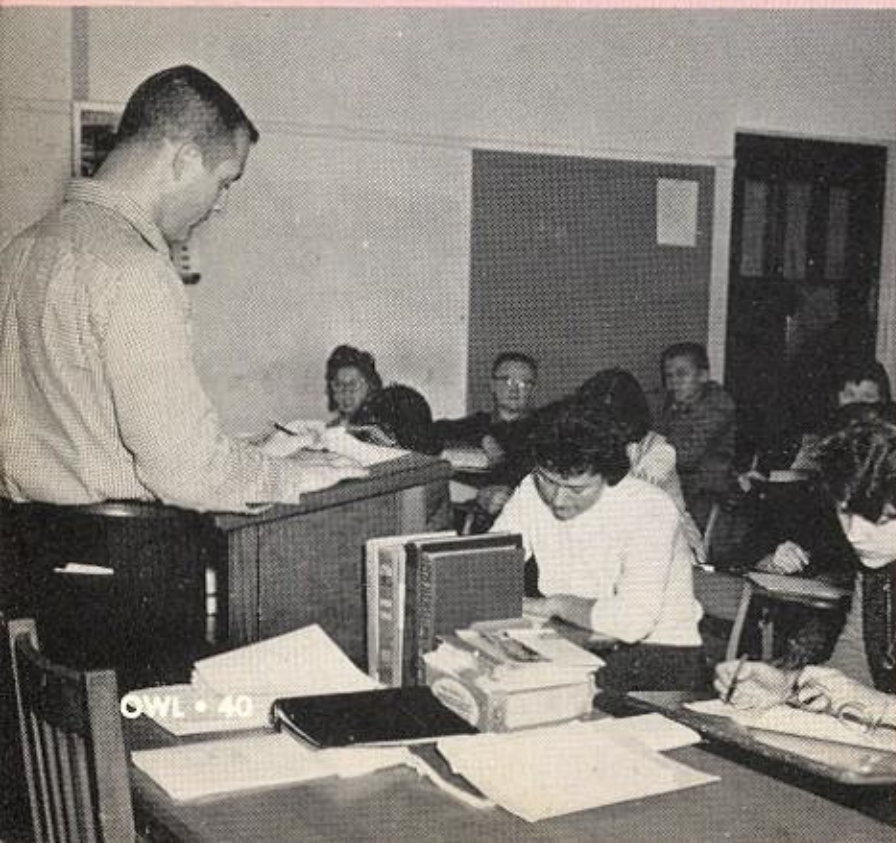

Back to back, these general science students in Mr. Walters' class put to use some of the "mid-night cramming."

"LOOK! IT'S SNOWING!" "Oh, how I dread those mid-term examinations!" Exclamations similar to these were frequently heard during the month of January. For the first time in three years, snowballs flew through the air at PHS and snowmen dotted the campus.

Sunshine and mid-term exams followed the snow. The thought of the exams caused many complaints and much "cramming." Not only was January the ending of the first semester, but also the beginning of a new year, Leap Year.

Mr. Reddell clarifies some of the questions on his second period world history mid-term exam.

"Who's next?" inquires Miss Stella Mae Crain, as these Seniors change schedules and add courses for the second semester.

These band members are taking advantage of the snow and trying some target practice on their friends.

February . . . Month of

"Wow!" Mr. Dee Cunningham's office assistants seem a little surprised at the size of their Valentine from their boss.

Dean (Clyde Bateman) tells Kitty (Linda Thrash) that she is the only girl for him as the curtain closes on final act.

Finale brings feelings of satisfaction as practice for operetta ends for the evening—soon opening night.

Hearts and Playoffs

THE TWENTY-NINE days of February found PHS a hubbub of practice, events, and playoffs. Through diligent and constant practice, the Wildcat basketball team whizzed to the District 6AAA title. The Stunt Night participants and operetta cast spent hours preparing for opening nights. Songs and jokes echoed into the corridors as these events were perfected.

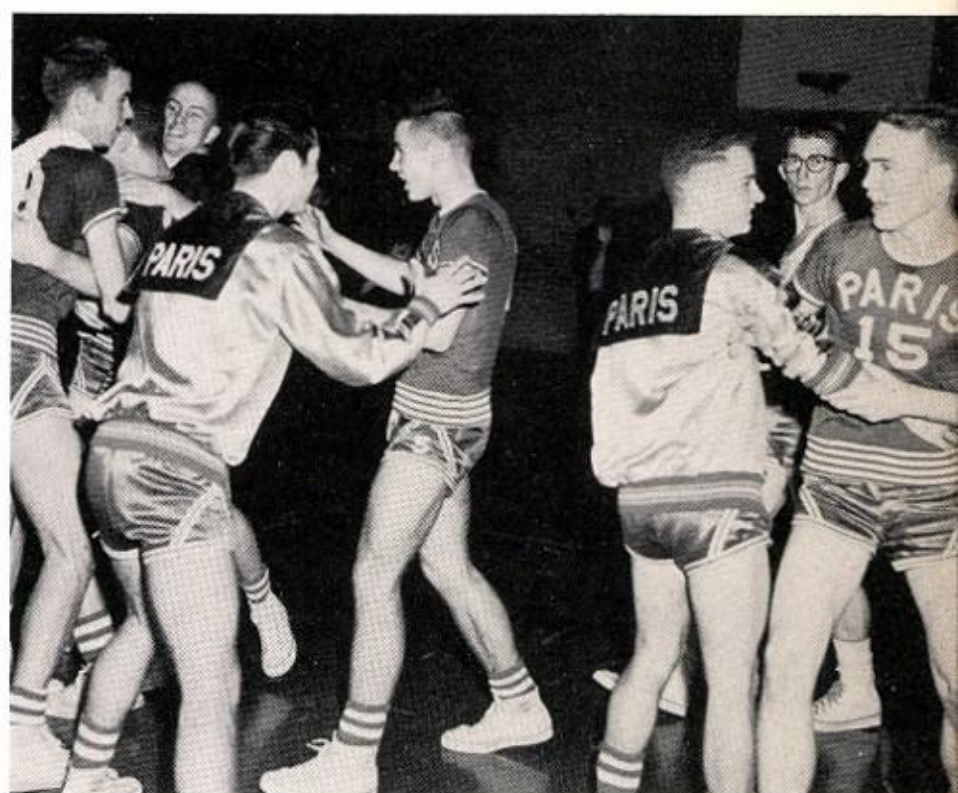

Yes, February was truly a month of PEP . . . Practice . . . Events . . . Playoffs.

EACH OF THE numerous organizations and clubs of Paris High School offered students the chance to "String Along" for study in various fields of endeavor. From farming to poetry, members of these groups shared fun, fellowship, and the spirit of communication.

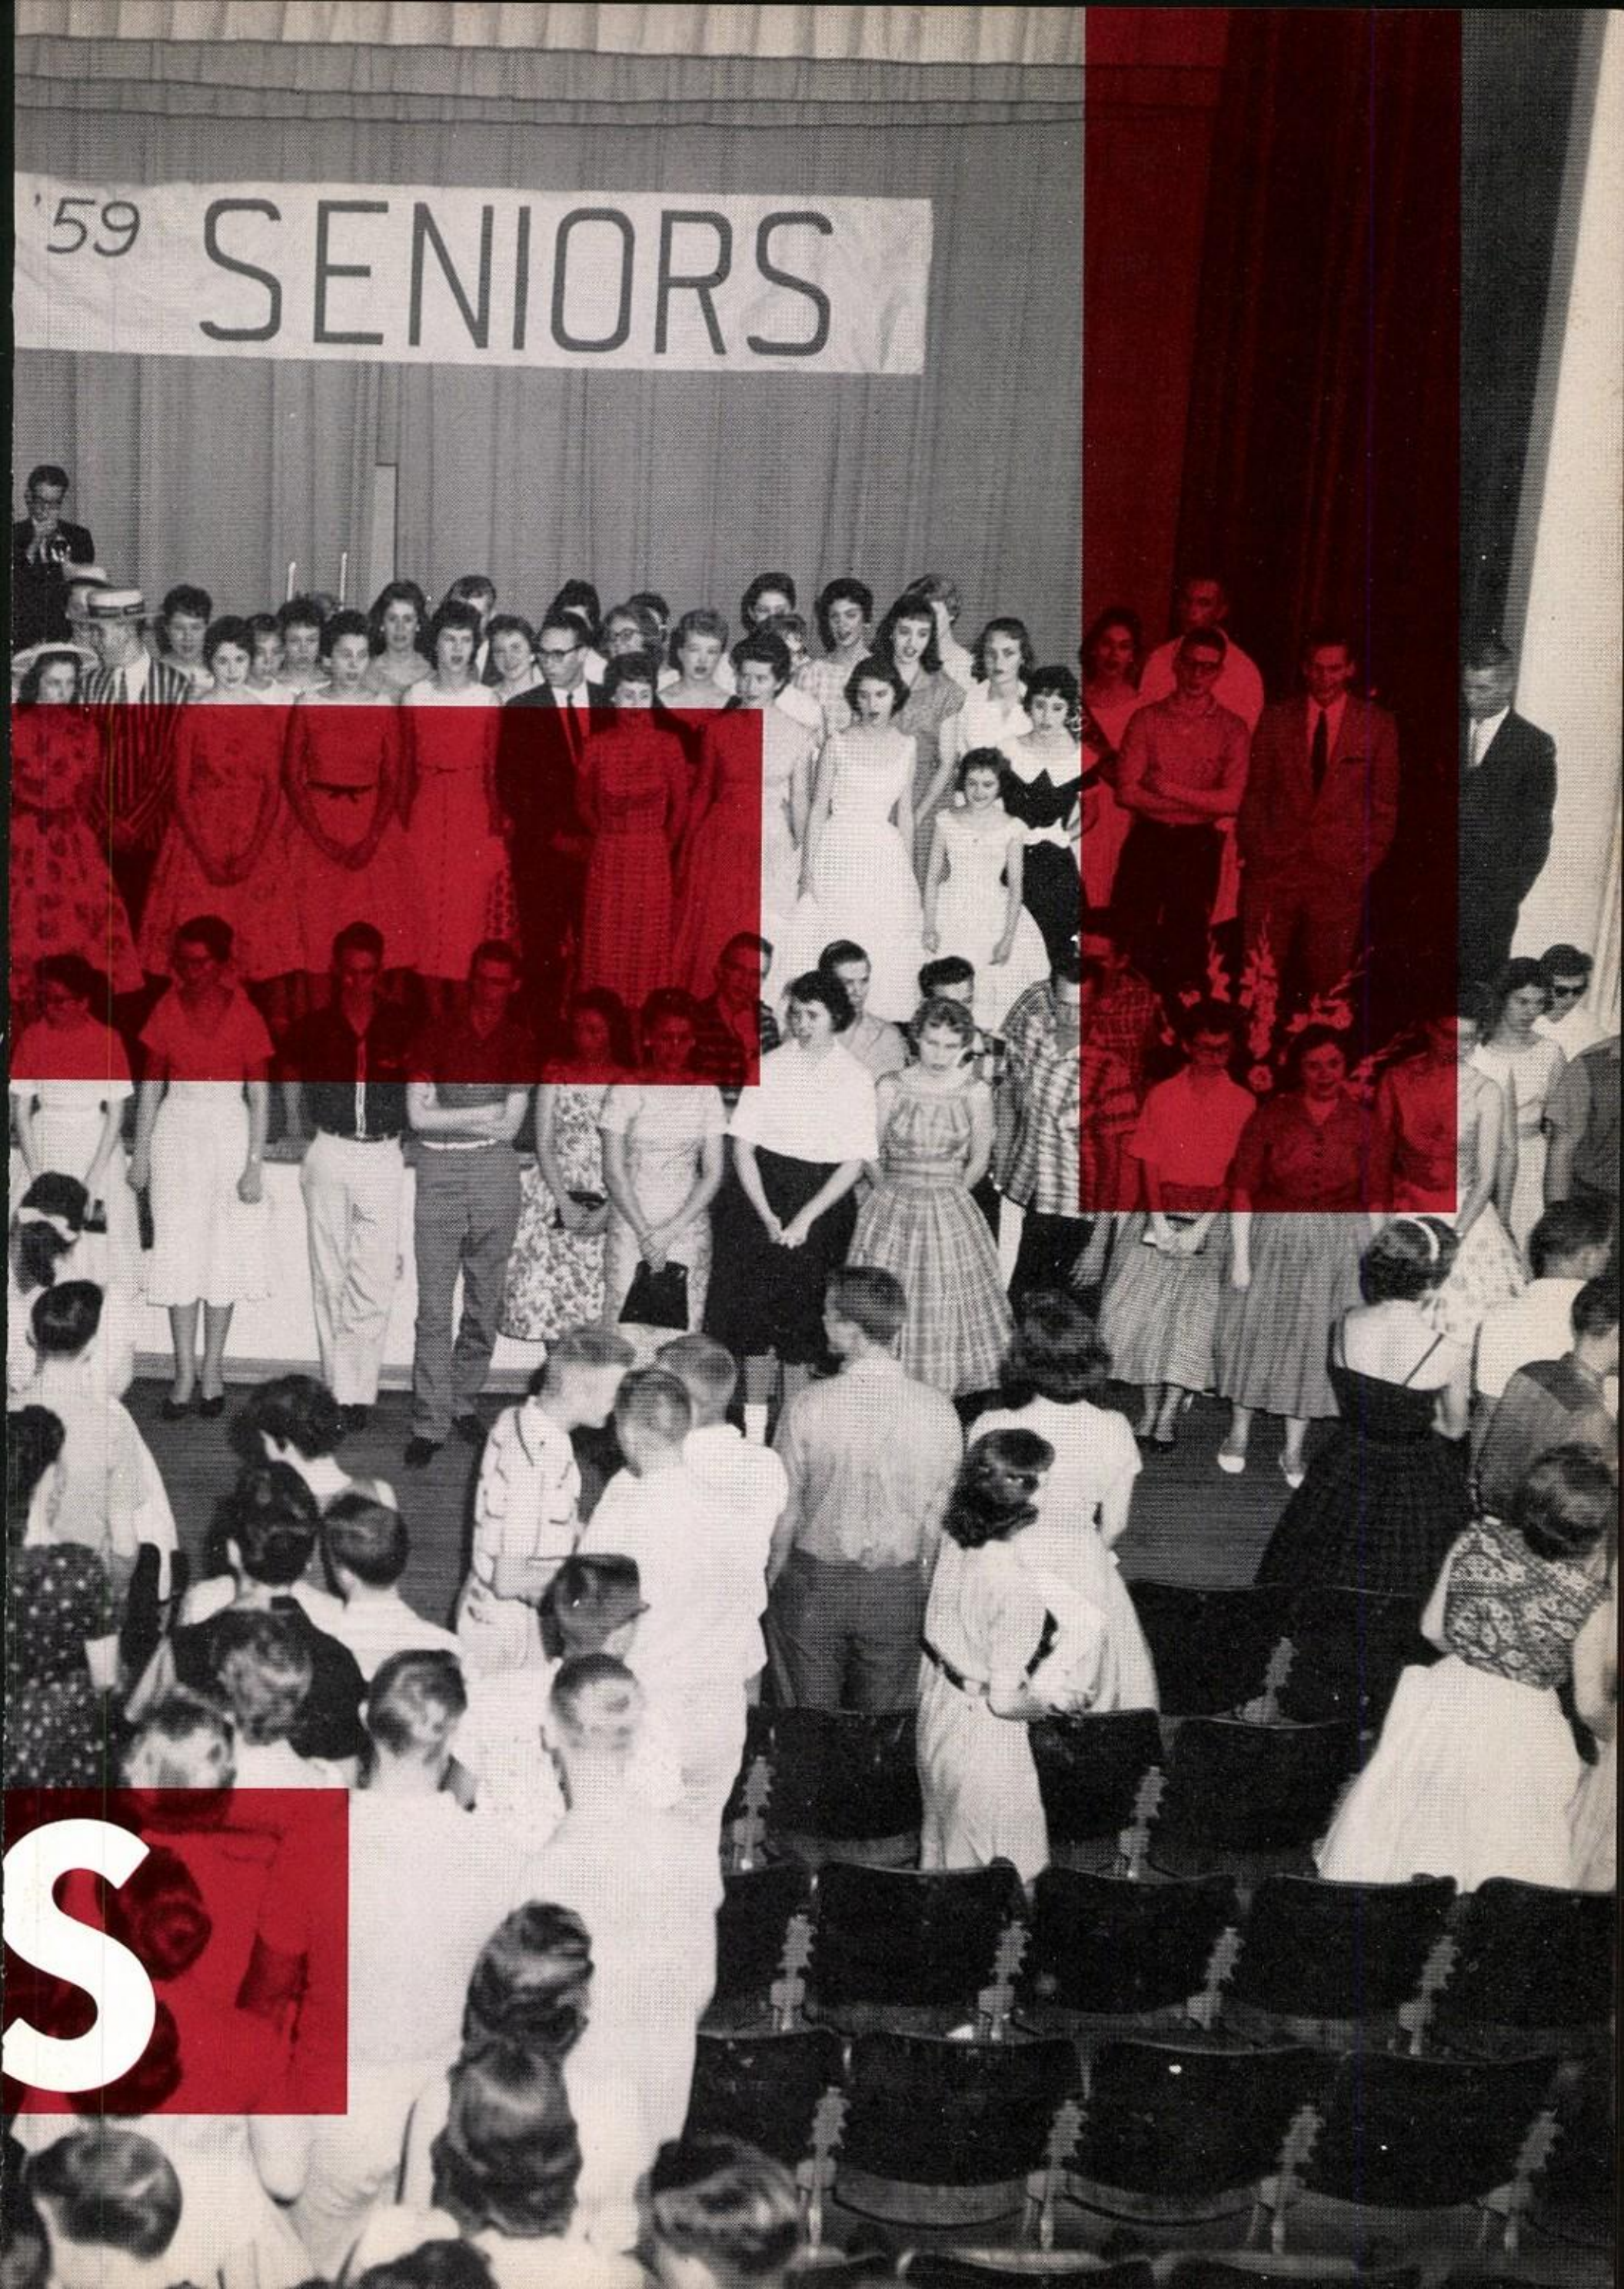

Tasks such as selling ribbons, building coat racks, and decorating for a sock hop were done by willing hands and hearts. Each organization was sponsored by a faculty member who freely gave of his time and knowledge to prepare PHS students for the future in our world of competing, sharing, and working together.

"SOLD! FOR seventy-five cents!" was the cry heard repeatedly at the annual Latin Club slave sale. Jimmy Muse, auctioneer, and Barney Bray, president of the club, presided over the sale which was held in the study hall after school.

The slaves, Latin I students, served their masters by polishing shoes, picking up trash, sweeping steps with a toothbrush broom. The slaves were freed after the annual picnic the next day at the Boys' Club of Paris.

Das Deutsch Adds German Touch

THE GERMAN CLUB of PHS brought a part of Germany to us. A German Christmas dinner with all the authenticity possible and plans for a visit to a German restaurant in Dallas highlighted the year's activities. Various guest speakers presented different phases of German life, thereby promoting an interest in Germany and the study of the German language.

GREAT STRESS ON horticulture and table arrangements were included in the objectives of the PHS Garden Club. In the spring, the members journeyed to Weatherford, Texas, to the picturesque Chandor Gardens. The course of study for

these young gardeners included the ABC's of flowers and their care. Planting, study, and social gatherings gave the members fellowship and learning.

QUESTIONS OF "Como está usted?" and answer of "Muy bien, gracias." could be heard in the Spanish class as the students, eager for learning this exciting language, spent many hours learning conjugations and vocabulary. They kept the tradition of breaking piñatas at Christmas, and they beamed with joy as Mrs. P. C. Gothard, sponsor and teacher, said "Felicidades, for a job well done."

In each of the two classes during a class period once a month, club meetings were held. Programs featured interesting speakers and group activities.

ONE OF THE most important aspects of nursing is helping people. This was one of the many dreams of the members of FNC, as they attended meetings, heard speakers in different fields of the medical profession. They took field trips to find other answers to questions about their chosen profession.

All projects of FNC centered around the community of Paris. For the Senior members one of the big events of the year was receiving an FNC pin, a reward for their efforts in the club.

IT HAS BEEN said that it is not the subject that makes the poem but the poet. The members of the Poets' Club studied the mechanics of poetry, and then tried their hands at creating poetry of their own.

Today's Key Club, Tomorrow's Key Citizens

SERVICE WAS, indeed, the most important product of the PHS Key Club. The members took over radio station KPLT for one day on November 14, 1959. The money made from advertising on this day went to buy awards for Seniors with an over-all 90 average.

Parking cars at football games and ushering at Homecoming were other services rendered. Possibly one of the most outstanding things done was the seven articles in the *Paris News* to implement their theme for 1960: Cultivate Creative Citizenship. The articles by prominent citizens explained citizenship and voting.

"PURE THOUGHTS, pure words, and pure actions" was the official, adopted motto for the Tri-Hi-Y. During the year, new and informative programs were presented to the members by guest speakers.

The first event of the year was a "real cool" initiation which got the new members right into the swing of things. The year would not have been complete without the Western Day climaxed with a dance and hayride. At the traditional Valentine Dance, Tri-Hi-Y presented the boy of their dreams and named him their Tri-Hi-Y "Hero."

"Let 'em roll!" Members of Tri-Hi-Y and Hi-Y take an old-fashioned hayride.

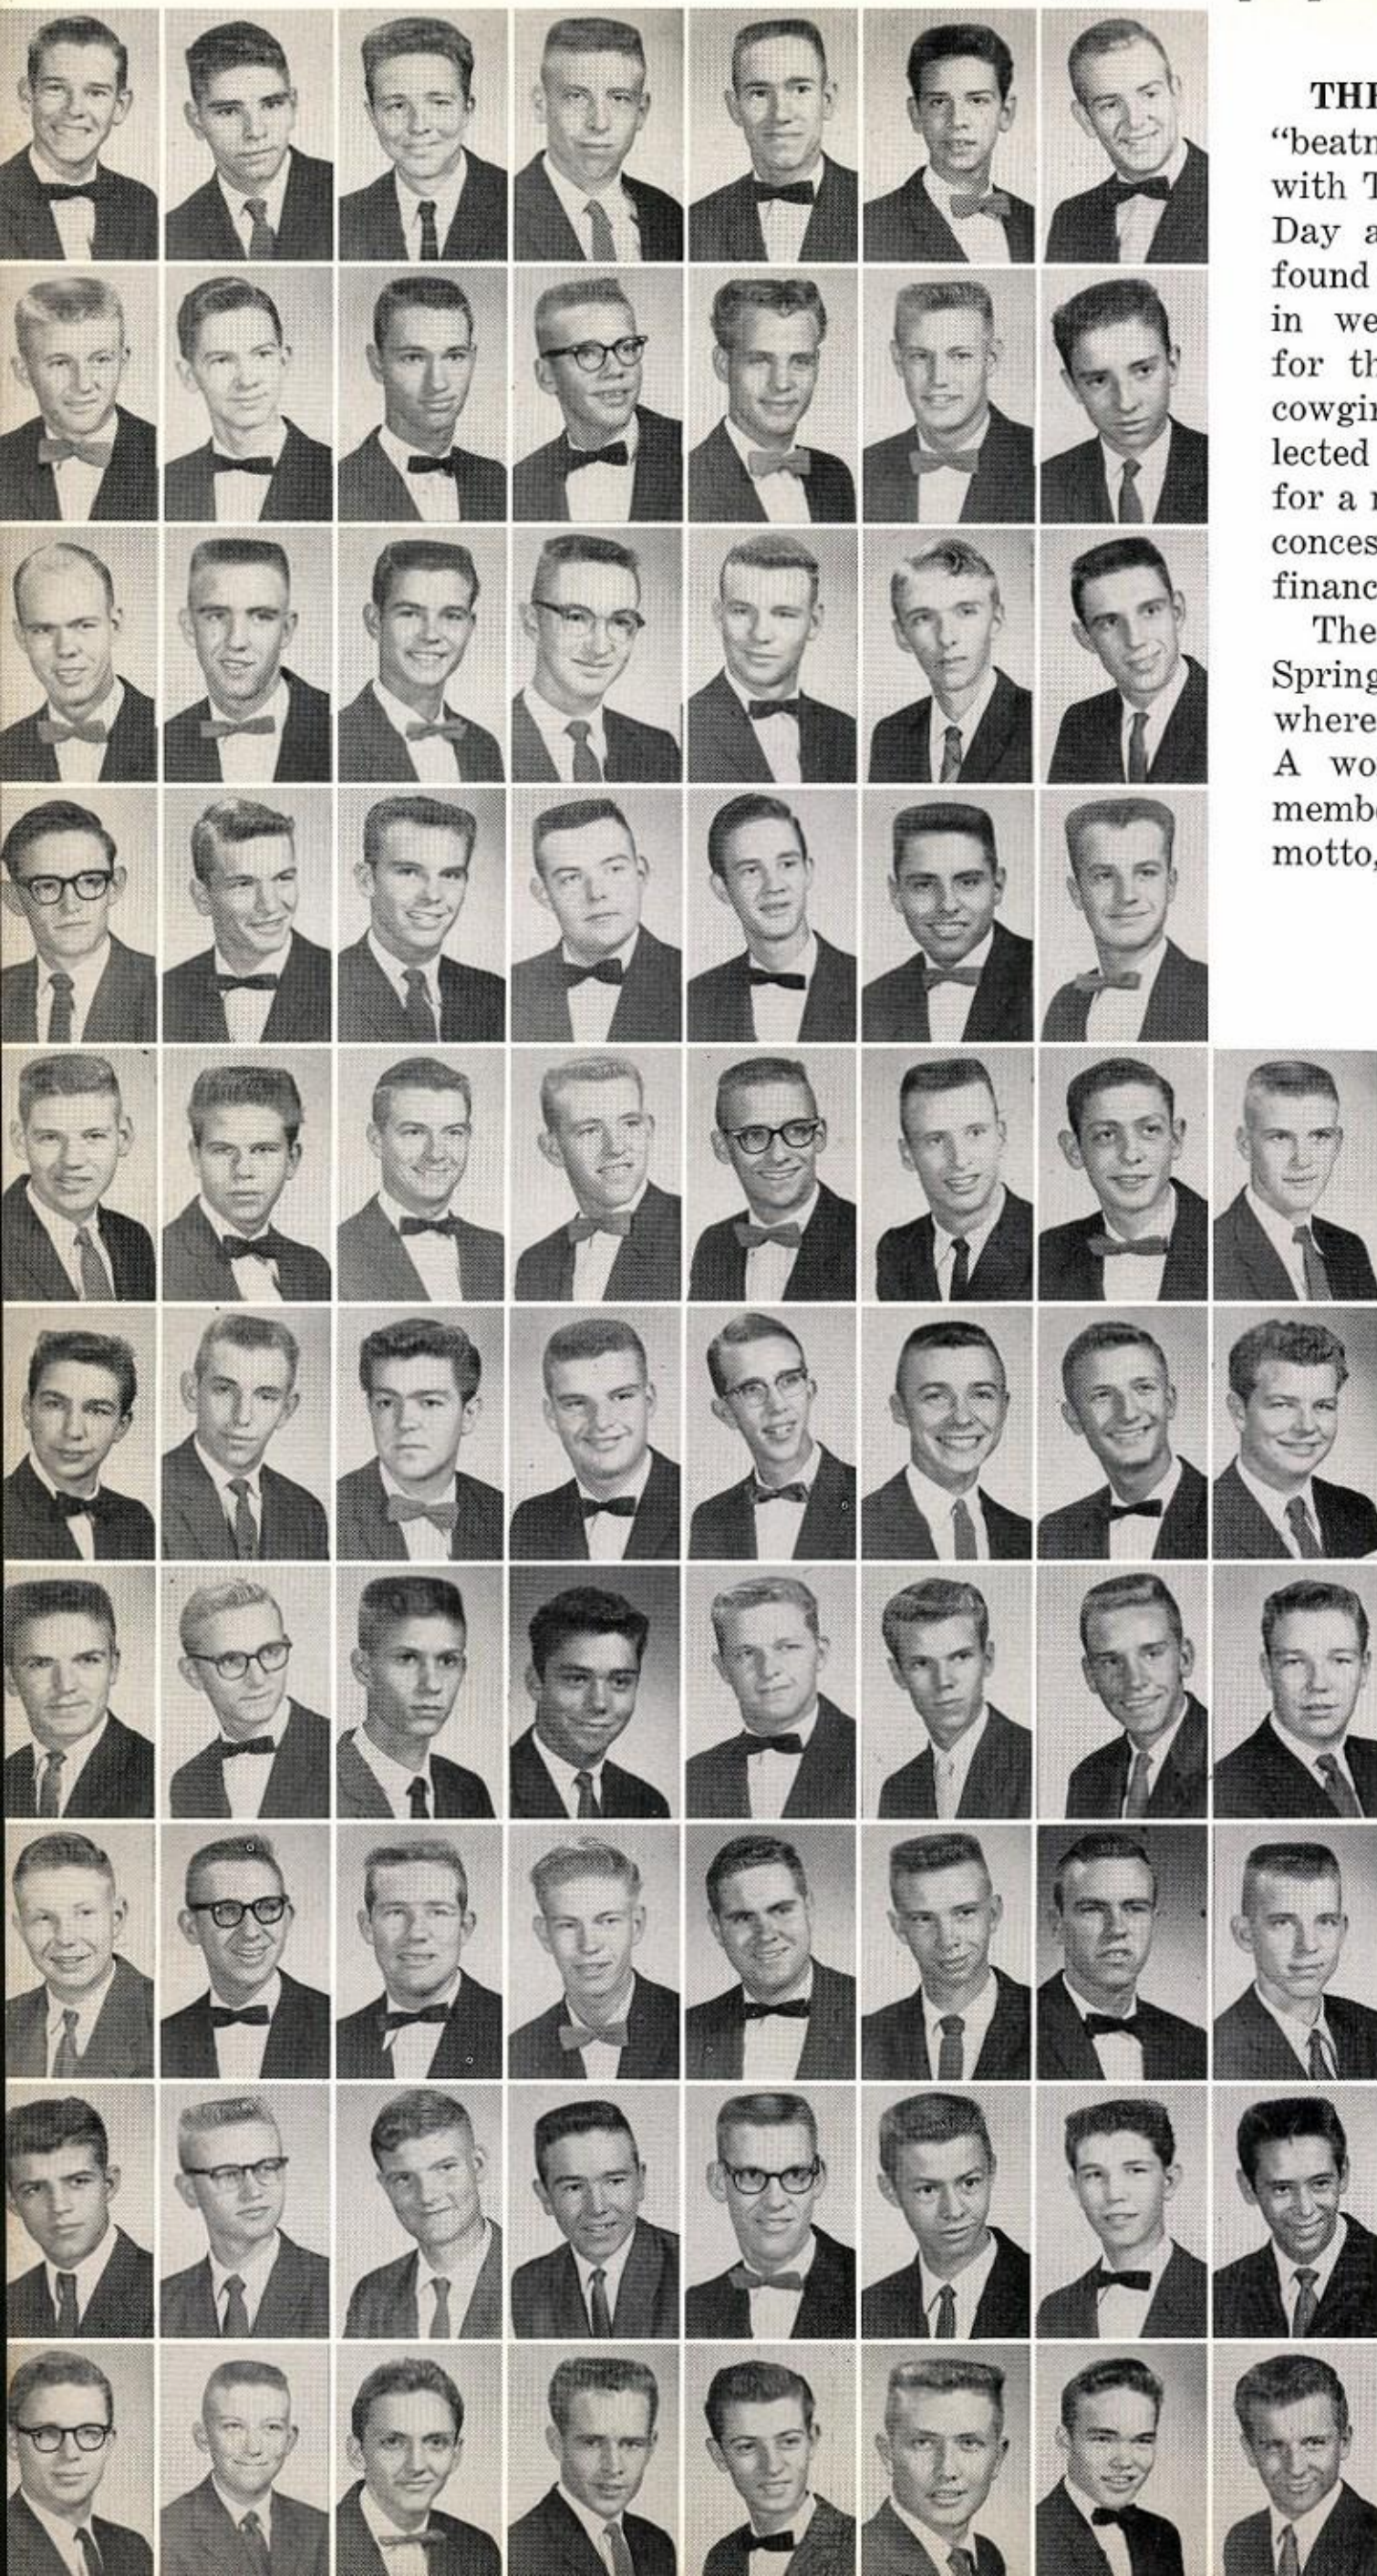

"A candle to guide the way" is given to each new Tri-Hi-Y member at the formal initiation.

THE HI-Y YEAR began with the "beatnik" initiation, held jointly with Tri-Hi-Y on October 8. Western Day and a hayride on October 16 found all Hi-Y and Tri-Hi-Y members in western attire, each competing for the prize as typical cowboy or cowgirl. At Christmas time Hi-Y collected the traditional basket of food for a needy family. Members manned concession stands during the year to finance their various projects.

The year ended with a formal Spring Dinner-Dance at the Embers where the new officers were revealed. A worthy goal was reached when members strived to live up to their motto, "Fellowship and Good Will."

Busy Homemakers Strive Toward New Horizons

MENDING AND MIXING were the chief activities of the sewing and cooking laboratories in which Future Homemakers spent many hours. Girls learned to prepare meals, design wardrobes, decorate homes, and make tomorrow a better place in which to live.

The many activities of the year included trips to district, area, and state meetings. State Degrees, the highest honor in homemaking, were dreams-come-true for many of the girls when they attended the state FHA meeting.

FHA members came to realize that home economics was not only a course which taught one to cook and sew, but a course which taught patience, good taste, courtesy, and financial responsibility. Home economics proved to be the perfect medium between the teenagers of today and homemakers of tomorrow.

Members received domestic training and learned the grace of social entertaining. At Christmas the girls decorated boxes, filled them with goodies, and gave them to their families and friends. The faculty members were often entertained with morning coffees by the school principal with FHA girls acting as hostesses.

Mr. Floyd Weger, Director, and Jan Jopling, Drum Major, discuss plans for the band.

"PRESENTING THE PARIS HIGH SCHOOL Blue Blazes Band under the direction of Mr. Floyd Weger!" were the words echoed over the public address system nearly every Friday night during the football season. Hours of work and marching went into those colorful half-time shows.

This year the band's annual magazine sale netted over fifteen hundred dollars, proving the salesmanship ability of the band members. Some of this money was used to purchase letter jackets for the sixteen senior members of the band. The All-Regional Band claimed twenty-five Parisian members with seven of these going to the All-State Band performance in Austin in February.

THE PURPOSE OF the Cats' Meow, the weekly teen page in the Paris News, was to better acquaint the citizens of Paris, including PHS parents, with the aims and achievements of Paris High School.

The Cats' Meow staff laid out, wrote and edited a page in the local newspaper once each week—Sunday. The Owl photographers took the pictures used on the page each week.

The page was under the direction of Mrs. Stanley Pilgrim, newspaper journalism teacher; the staff editor, Paulette Allen; and associate editors, Paula Cozort and Sheila Roden.

Paulette Allen, editor; Paula Cozort, associate editor; and Mrs. Stanley Pilgrim, sponsor, choose pictures for the next edition of the Cats' Meow.

Preparing the teen page for publication is the second semester staff composed of Margie Robison, Charlotte Walker, Pat Bassano, Steve Glasscock, Amanda Stanley, Dinah Rowland, Jack Echols, Karol Hill, Anne McWherter, Larry Stewart, and Ann Rice.

ONE CHIEF AIM of the Future Farmers of America was to aid club members in preparing to be tomorrow's "better" farmers. Realizing that the success or failure of the future depended on the farms and ranches of America, the boys concentrated more earnestly on their club work.

Proof of their hard work and knowledge of agricultural procedures was shown when the Green Hands Skill Team won first place in the soil contest. The members also received special recognition in the land and livestock judging. Members worked hard to uphold the FFA Motto: "Learning to do, Doing to learn, Earning to live, Living to serve."

DEADLINES TO MEET, copy to write, and pictures to take . . . it was all in a day's work for **The 1960 Owl Staff**.

All work and no play makes Jack a dull boy. Realizing this, the staff took time out for staff parties, jokes, and trips. In the summer of 1959, four of the staff members, the yearbook sponsor, and the editor's mother journeyed to Washington, D. C., to attend the National Scholastic Press Association. Staff trips also included the North Texas Student Forum at Southern Methodist University in Dallas, Texas High School Press Association in Denton, and a trip to Dallas in March to visit Taylor Publishing Company.

The 1960 staff took pride in records set by previous staffs and continually endeavored to set new and better records which they did in both circulation and advertising.

First in Spirit

BOUNCY, VIVACIOUS, ENERGETIC could be the words used to describe the "Mighty Six." During the coldest night or on the hottest day, the yell leaders could be found cheering football, basketball, or baseball teams to victory and winning new friends for themselves and their school.

Behind-the-scenes bustle produced posters and pennants, which decorated the school and kept the students posted on sports events. With the resourceful help of Miss Fran Hicks, their sponsor, the yell leaders attained new heights in fostering school spirit.

Yell Leaders: Phalia Swofford, Paula Cozort, Marian Bledsoe, Nancy Bledsoe (Head Yell Leader), Rodney Flippen, and James Route.

ACTION REIGNED SUPREME in Paris High School sports. Competition built strong spirit and character; thus PHS prided itself on its participation in sports and its school spirit. This year found each of our fighting Wildcats with "A String Around His Finger" and hope in his heart.

The "Mighty Six" and avid PHS fans kept school spirit high and added zest to every game. Sportsmanship was the key word with participants and spectators at all athletic events, and every student felt pride as his team played a good, clean game, win or lose.

Irving Licks Wildcats 20-8

IRVING'S TIGERS THREW aside their expected passing attack and relied on powerful ground play to beat the Wildcats. The Tigers scored first on a four-yard blast by their fullback and then counted quickly again as Creed set the stage on a sixty-seven yard keeper.

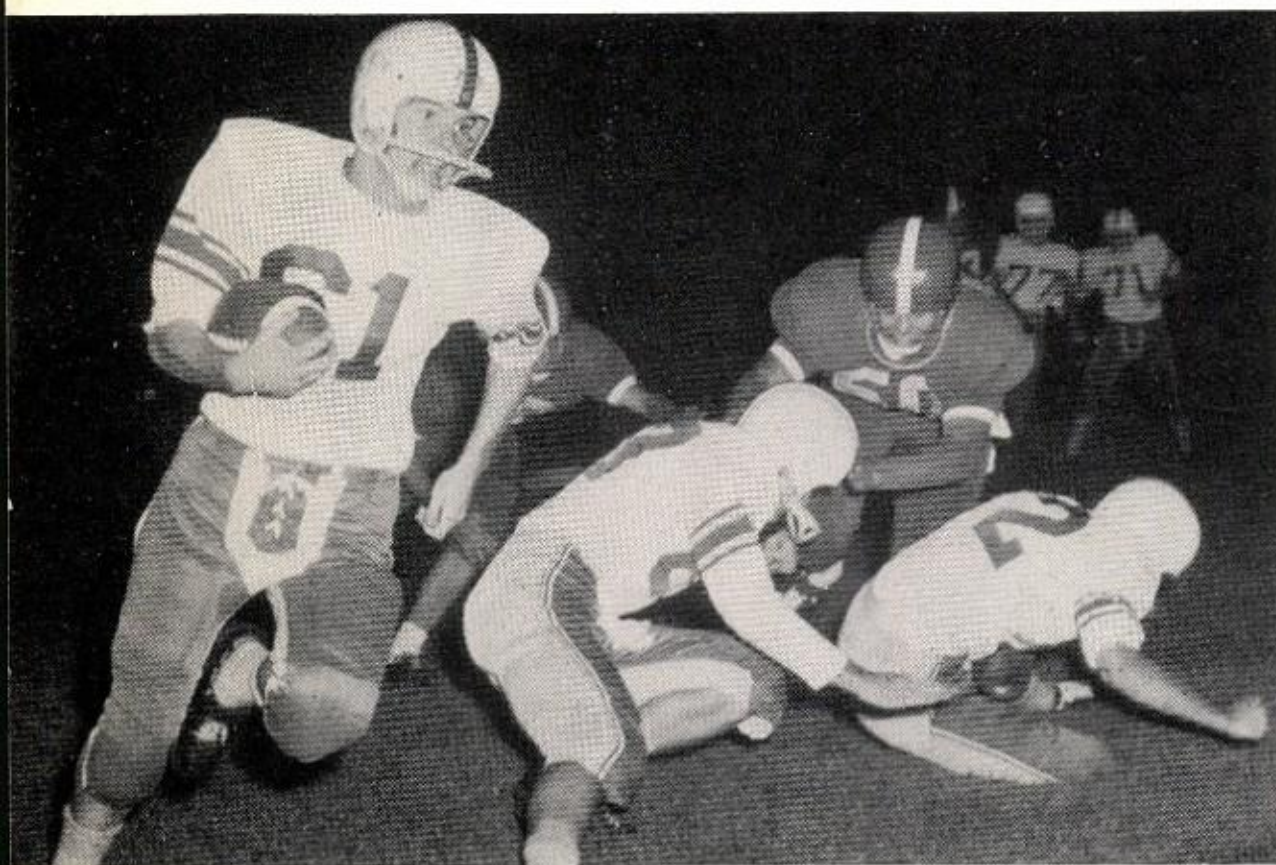

Eight plays after the kick-off, Mike Johnson hit Jimmy Davis with a twenty-seven yard pass for the lone tally by the Wildcats. In the fourth quarter Irving launched a touchdown drive for the length of the field and put the game on ice.

Cats Start Fast, Falter, but Come Back Strong

Paris Blanks Bonham 20-0

A LARGE NUMBER of fans watched the Wildcats blast Bonham to avenge last season's loss and give the Warriors their first blanking in six seasons. The Cats, led by Bryans, Jackson, Jeffries and Cummings, sizzled on defense as they held Bonham play after play. Langley's passing and good gains through the line were used most effectively by the Cats.

Wildcats Slash Waxahachie 20-0

THE POWER-PACKED running attack by the Cats put the hatchet to the Indians. Davis sliced over for the first six-pointer. The Wildcats scored again in third quarter with the last counter coming in the fourth quarter the hard way as the Cats made 48 yards over land on short gainers. Davenport and Bateman accounted for the last two scores.

Wildcats Claw Hugo 35-0

A **RUGGED DEFENSE** and a sparkling offense were the key to the Paris win in the interstate clash between the Wildcats and the Hugo Buffaloes.

Paris scored in every quarter but the first, making three touchdowns in the second period. The Cats, led by Davenport who scored twice on powerful thrusts through the line and twice on passes from Quarterback Langley, put together five long drives for scores. Two other touchdowns came on passes to "Butch" Perry and Charles Potts.

McKinney Rams Cats 29-14

EVEN WITH WILDCAT spirit unbeaten, the score showed that McKinney's Lions had won. Crutcher, All-State Lion fullback, was the deciding factor in the crucial 6AAA curtain raiser.

Paris, led by Davenport, was ahead at the half 14-7, with Newt Davis having kicked both extra points. The Lions roared out in the second half to smack Paris with the hardest offense they had faced all season. McKinney pulled ahead in final quarter to win 29-14.

Wildcat Bill Davenport is chased out of bounds by three McKinney Lions.

Denison Stuns Paris 14-12

BEING FIRED UP for Homecoming, Denison topped the Paris Wildcats 14-12 in the final non-conference game of the season. The Yellowjackets scored first on a long pass play and then converted for the extra point. Paris seemed stunned the rest of the half and ruined all scoring chances by its own mistakes.

The Cats came back strong in the second half with a touchdown by Jimmy Davis and a pass from Langley to Biard for a second score. Denison pushed over again to take the lead and hold it.

Revamped Cats Meet Future Regional Champ

Leopards Scratch Cats in Mud 25-6

THE GAINESVILLE Leopards romped past the Paris Wildcats 25-6, to create a sad "Dad's Night."

Paris's opening play was the longest Wildcat run of the night and only serious scoring threat until Johnny Jackson picked up a punt blocked by Doug Bryans in the last moments of the game for the only Paris touchdown.

Hampered by a muddy field and the loss of Bill Davenport and Ronald Prince due to injuries in the first half, Paris stalled and sputtered most of the game.

Bill Davenport evades a muddy Gainesville Leopard and two others lope in for the tackle.

Cats Blanked for First Time 15-0

A FIRED-UP gang of Paris Wildcats played the highly-rated Mt. Pleasant eleven a much better game than predicted. Hard blocking was the winning factor for the Tigers. Mt. Pleasant scored once in the first quarter and nailed down the victory in the third period with another touchdown. Strongest offensive play for Paris included a 31-yard pass play to Perry and a 28-yarder to Biard thrown by Mike Johnson.

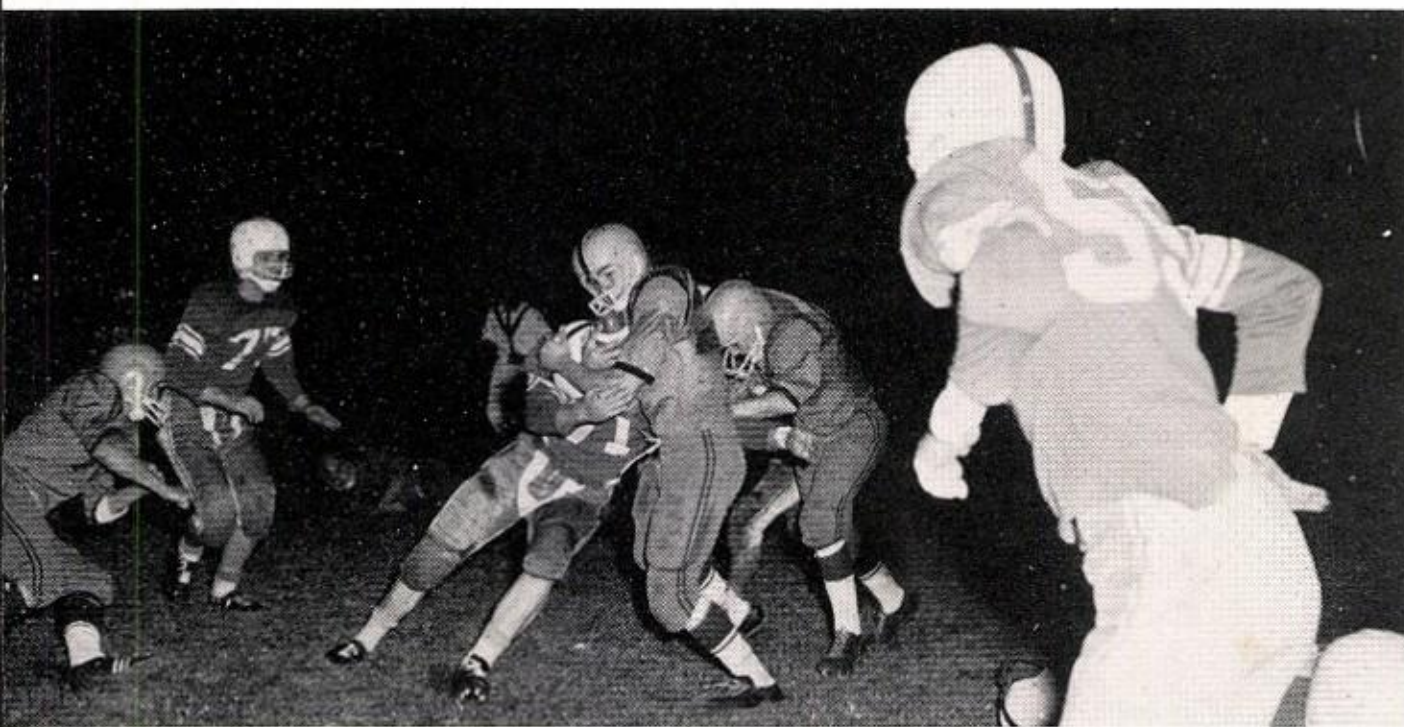

Wildcats Take Sulphur Springs 14-0

PARIS SHUT OUT the Sulphur Springs Wildcats 14-0 and earned the 22nd straight victory in the long rivalry between the two Wildcat teams. A hustling army of Paris linemen can take the credit for setting up both Paris touchdowns. Durrell Roddy scored the first, and a pass from Langley to Perry accounted for the second. Bateman added the extra points.

Cats Lash Lions 20-6

APPRECIATION NIGHT for Coach Raymond Berry was climaxed with the 16th straight victory by the Paris Wildcats over the Greenville Lions. This victory gave the Cats third place in District 6AAA and a 5-5 season record.

Paris drove 77-yards in six plays for its first touchdown. Quarterback Mike Johnson scored standing up on the bootleg play for the second score. The last pointer came on a short dash to give the Wildcats victory. A Wildcat fumble set up a 25-yard pass from Greenville's Jerry Jolly to fullback Charles Cooper for the only Lion score.

Howard and Moore come to their feet to give the Wildcats encouragement against McKinney Lions in District 6AAA playoffs.

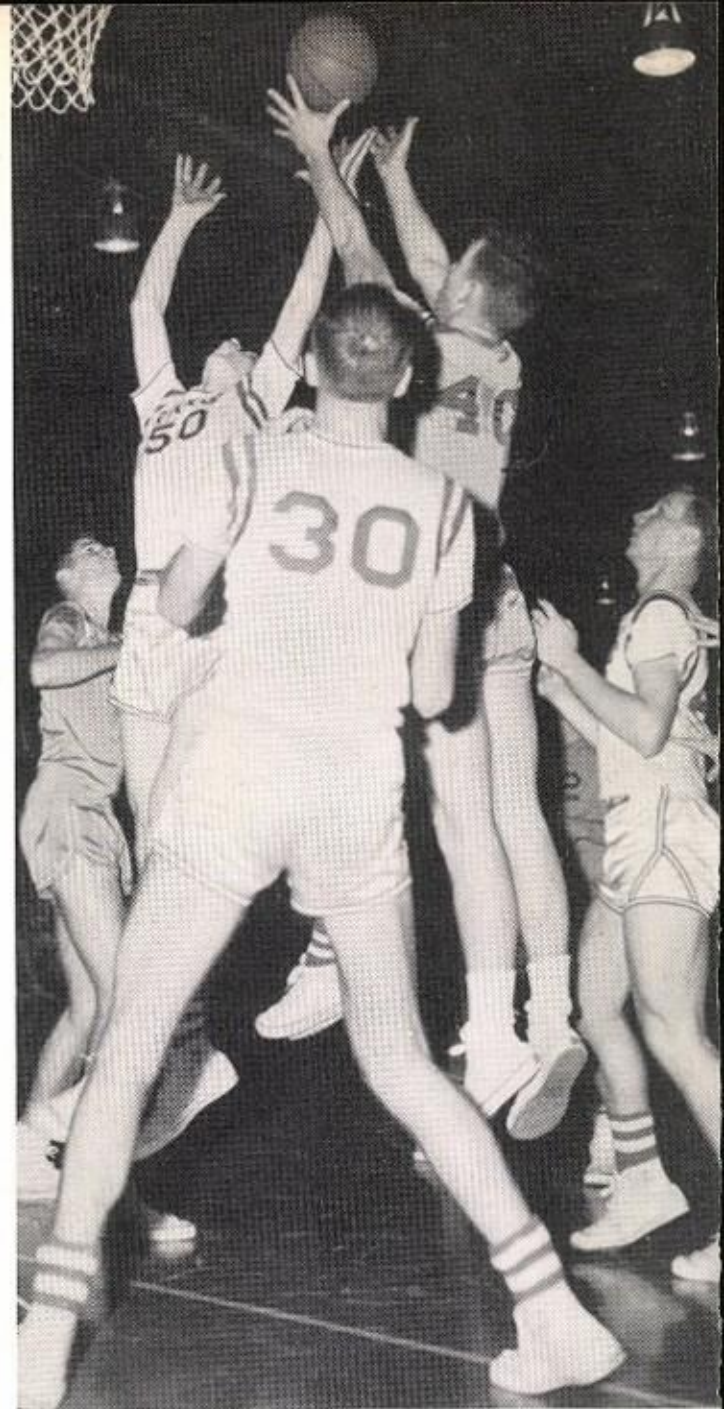

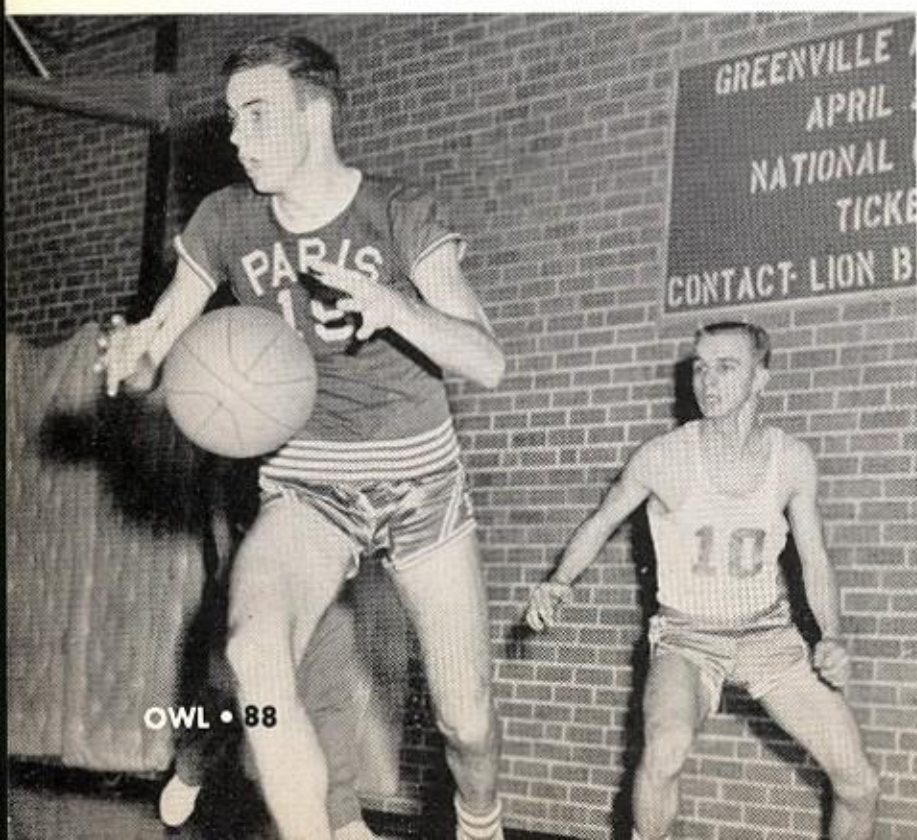

THE PARIS WILDCATS opened Pre-District play with a 52-42 loss to Thomas Jefferson of Dallas, who had already played three games. The Cats then slapped Sherman, there, 64-36. Paris next won the two-game series with Fort Worth Tech 83-40 and 85-32. The Cats handed a 68-44 loss to Sherman before ousting Denison 61-41 and 88-32. Texarkana, Bonham, and Texarkana again were victims of Paris 64-55, 59-36, and 46-45, respectively.

In well-justified strong spirits, the Wildcats snared McKinney 68-57 in District 6AAA opener in Paris. After beating Greenville 64-48, the Cats broke the high-scoring record by felling Sulphur Springs 94-61. The rangy Mt. Pleasant Tigers gave Paris its first district loss, 47-39. The Cats then blasted Gainesville 67-47, bowed to McKinney 55-53, and soared over Sulphur Springs again 66-49. Mt. Pleasant was kicked, here, 68-55, and Gainesville was defeated 61-51.

Paris won over McKinney in Greenville 74-54 to win the second half title; then defeated Mt. Pleasant, first half winner, two games in succession to bring the 6AAA District Basketball title to Paris for 1960.

In District 6AAA playoff with Mt. Pleasant in Paris, Crittenden is on his way to victory, 68-57.

Long has that victory look on his face as he "surrounds" the ball against McKinney in Greenville. Paris won 74-54.

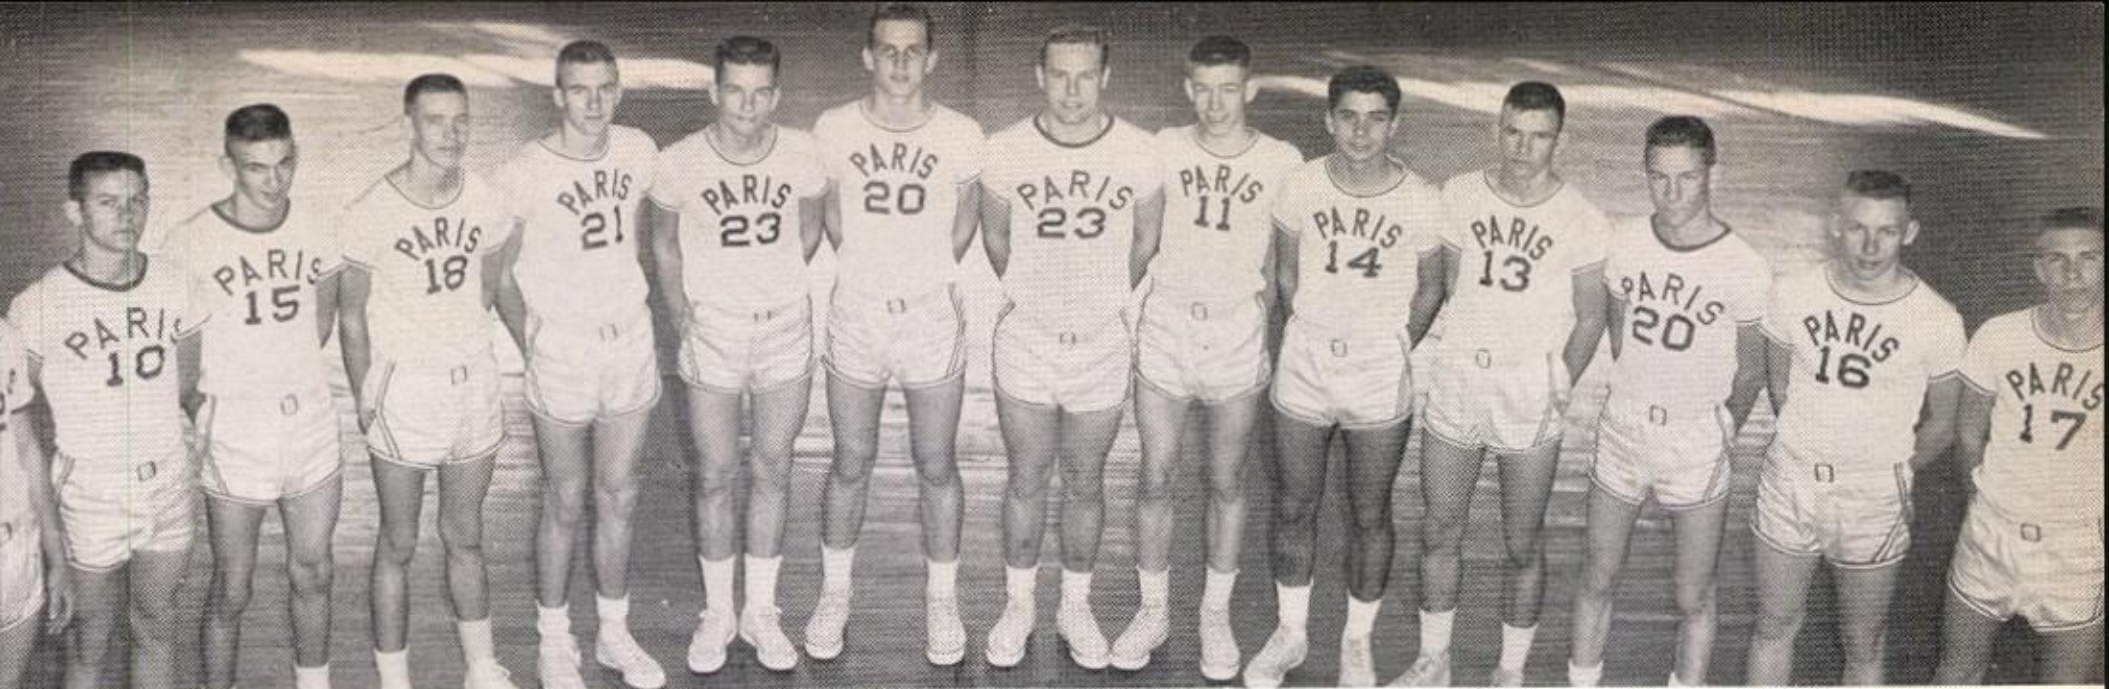

Richard Lynn goes high for a rebound against Castleberry in Bi-District. Paris lost 32-39.

Castleberry Slams Wildcats 39-32

CASTLEBERRY BROUGHT WOE to the Wildcats and took the Bi-District crown for 5AAA and 6AAA. Time and again the Cats saw their shots come to naught, as they hit only 24.5 per cent of their field goal attempts.

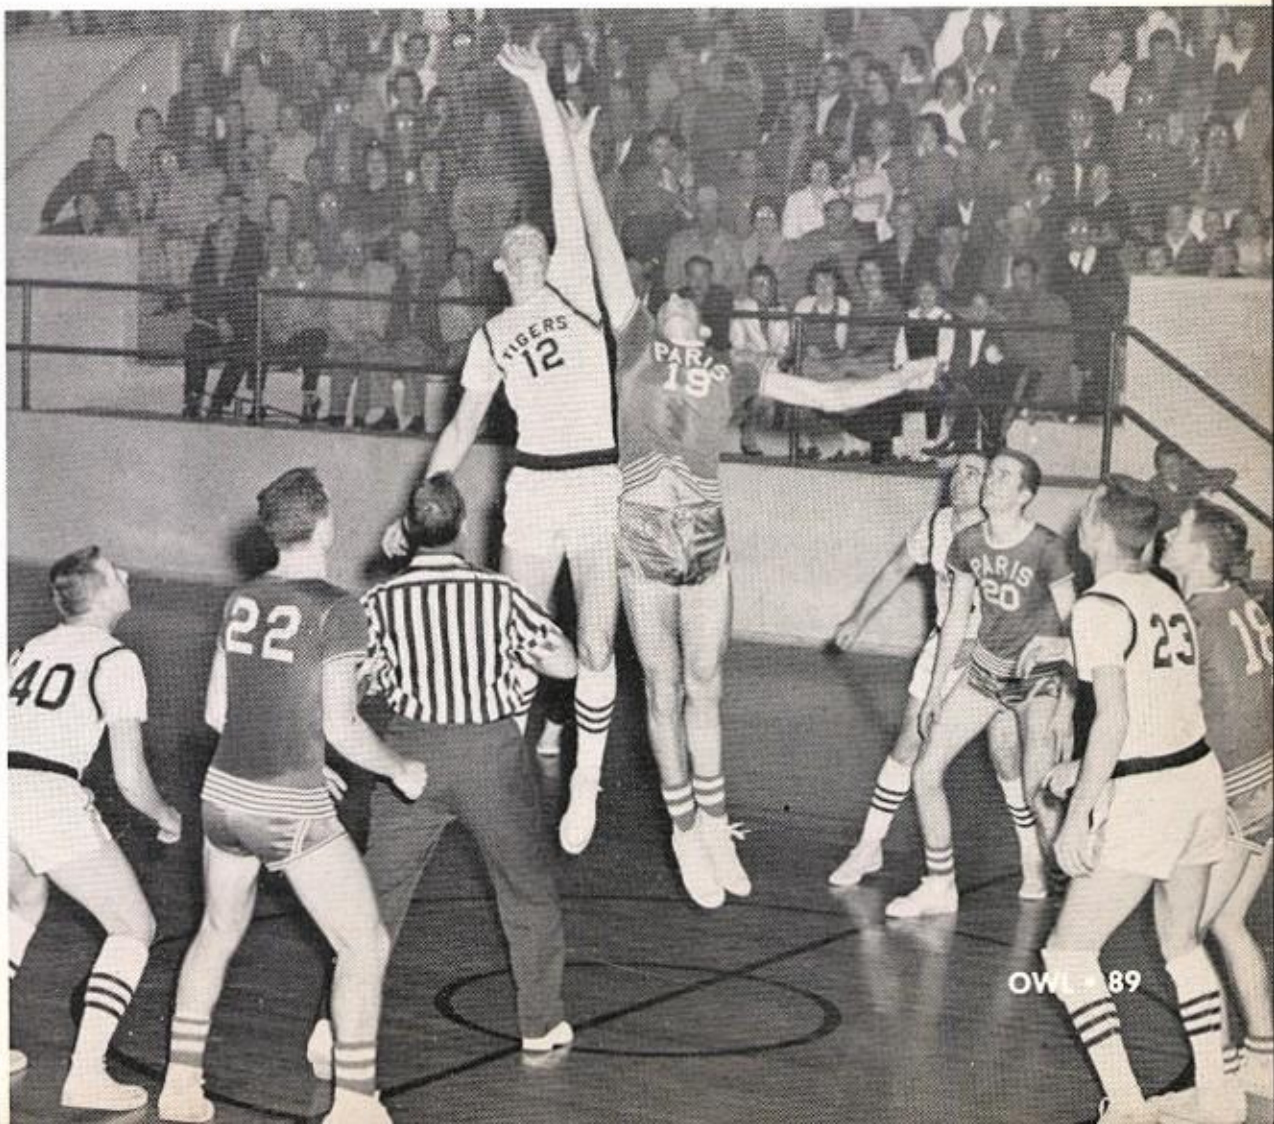

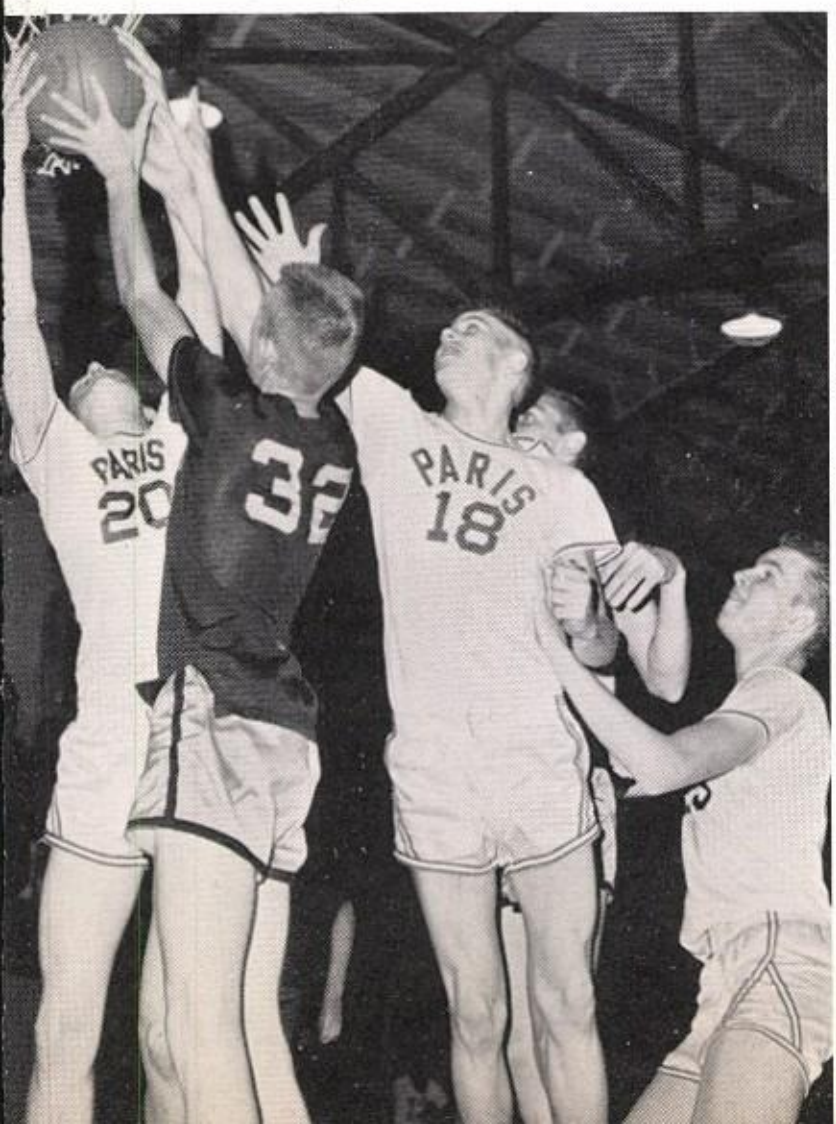

Castleberry took the lead in the first five minutes and edged the Cats one point at the half. In the third period McKnight put the Cats ahead 26-25 going into fourth period. But Paris could not hold the Castleberry Lions!

All-District Honorable Mention Guard and Tri-Captain Joe Dale McKnight darts past two Gainesville Leopards in Paris. Paris won 67-47.

Glenn Billingsley, G. I. Hodges, and Dickie Towers outman a Mt. Pleasant "B" teamer for the ball. Young Cats won 60-48.

A FREE-SWINGING PHS quartet put together a total of 728 strokes to capture the 1959 District 6AAA Golf Championship. Ralph Shelton posted the low score for the Cats by touring the 36 holes in 171 strokes. Hyde posted 178 strokes; Muse, 183; and George, 196. This was the second straight loop championship for the Wildcat fairway titlists coached by Mr. Paul Lively. This team placed sixth in the Regional competition with a team total of 719.

The Paris netters in District 6AAA competition in 1959 bowed to Greenville. Bobby Harris and Robert Inniss represented Paris in boys' doubles, and David Rainey was beaten in finals. After winning several Pre-District games, JoAnn Jones and Donna Burch won their first match in girls' doubles in District competition but were beaten 6-0, 6-1 by Greenville. Cathy Ashmore competed for Paris in girls' singles.

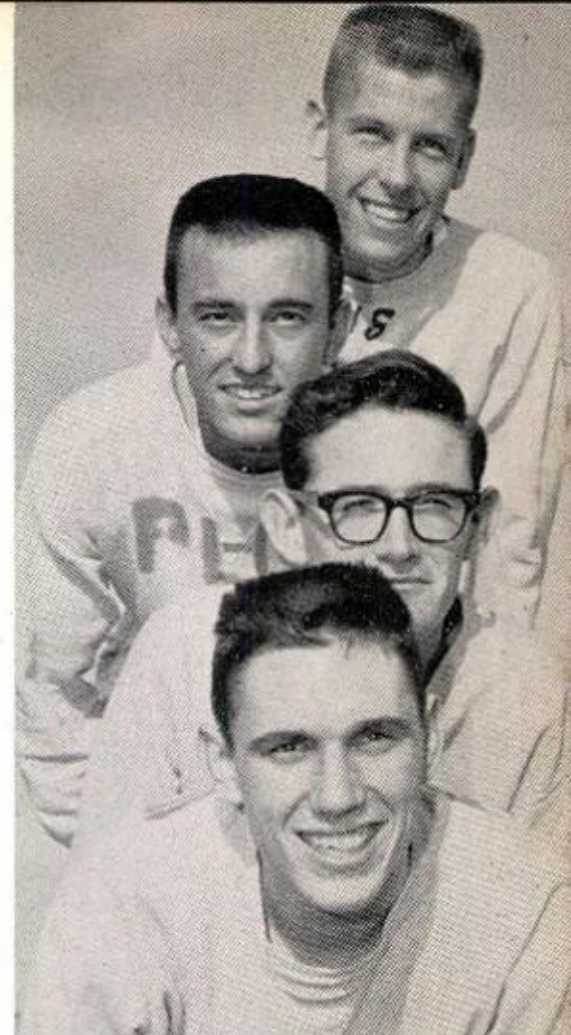

Members of the 440 relay team, Bill Reeder, Jimmy Davis, Jack Simpson, and Durrell Roddy, will take part in the 1960 District 6AAA meet for PHS.

Tom George, Bill Reeder, and Gilbert Rogers, after the 1959 440-yard sprint relay at Paris Relays, get into a heated argument over the baton handoff with Jimmy Singer and Mickey Flippen.

THE '59 TRACK team participated in several meets in preparation for the District 6AAA Meet. The 440-yard relay team placed second in District at Commerce by clocking 46.15, 1.15 seconds behind Gainesville's 45 seconds flat. Paris then advanced to the Regional where they failed to grab any laurels.

The 1960 track team under the coaching of Mr. Bill Reddell planned to shape the 440 and mile relay teams into winners and hoped to have at least one good discus thrower. Prospects again appeared bright for the 100- and 200-yard dashes; however, **THE 1960 OWL** had to go to press before final results could be secured. The results of the 1960 track, tennis, and golf season will be included in the 1961 yearbook.

Handley's only run comes sliding into home plate as the ball bounces off Wildcat catcher "Skippy" Langley's chest.

Wildcats Sweep Thru District Without Defeat

One big reason for the great '59 baseball season are pitchers Mike Long, Jackie Bailey, and Christy Hamman.

The 1959 Baseball Season

THE 1959 BASEBALL season was the best for the Paris High Wildcats since they were the State Champs in 1955. The Cats advanced to the regional play-offs before falling to powerful Nacogdoches.

From the time Paris dropped both ends of a double header to the Sherman Bearcats in early spring during non-conference play until they fell before Nacogdoches, the Wildcats went 13 straight games without defeat.

Behind a fine pitching staff of Hamman, Bailey, and Long and with the powerful hitting of Allen, Oakes, Crittenden, and Bangs, the Paris team copped their seventh consecutive 6AAA championship. From there the Cats stopped Handley in Bi-District and moved to regional play against the East Texas Champs, the Nacogdoches Dragons. The State Championship pie was in the taste of all the Wildcats, but they lost the flavor as Nacogdoches thumped them twice in a row.

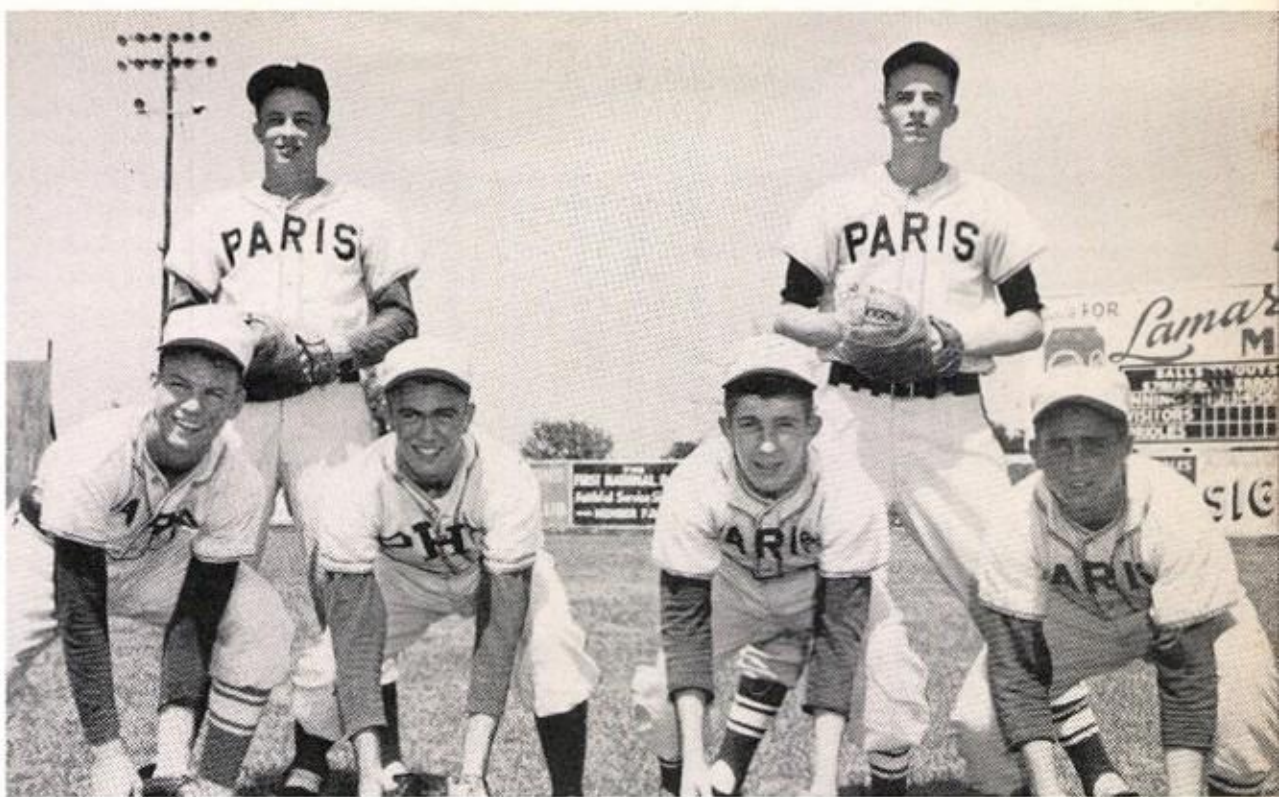

Infield bench strength is found in: Jackie Echols, Ronnie Stamper, Johnny Howard, Doug Bryans, Webb Biard, and Jim Lee.

Cats' Claws Pulled in Regional

THE CATS STARTED work-outs during early March in preparation for the 1959 baseball season. It was so cold a hot grounder or a ringing hit made your hands sting, but all this was just a part of the game.

After coming through District 6AAA victorious, Paris shocked Handley of Fort Worth by blasting them 8-1 at Paris City Ball Park. This was the first in a two-out-of-three series to decide the Bi-District Champs. The Cats returned the visit to Handley and again stopped them cold 9-1.

The Wildcats then faced the powerful Nacogdoches Dragons for the Regional Championship. Nacogdoches got the jump on Paris and seemed destined to make the first game a run-away. But in the fifth frame Paris came back to life and tied up the game. It was all for naught as Nacogdoches eked across another run to pull the game out of the fire. In the second and last game of the Regional play-off, Nacogdoches was the "firstest with the mostest" to drop Paris out of the running to the tune of 10-5.

Christy Hamman gets his man on an easy toss to first baseman Bill White in the Nacogdoches game played in Paris. Score: 5-4.

Top Picture: The pitching staff relies heavily on catchers Charles Potts and "Skippy" Langley.

Second: Bill White shows the big stretch as the Nacogdoches short-stop is nipped at first in regional play.

Third: Bill White slides under the throw as the Nacogdoches third baseman waits for the ball.

Bottom Left: Second unit outfielders are Joe Dale McKnight, Jerry Chandler, and Harry Miller.

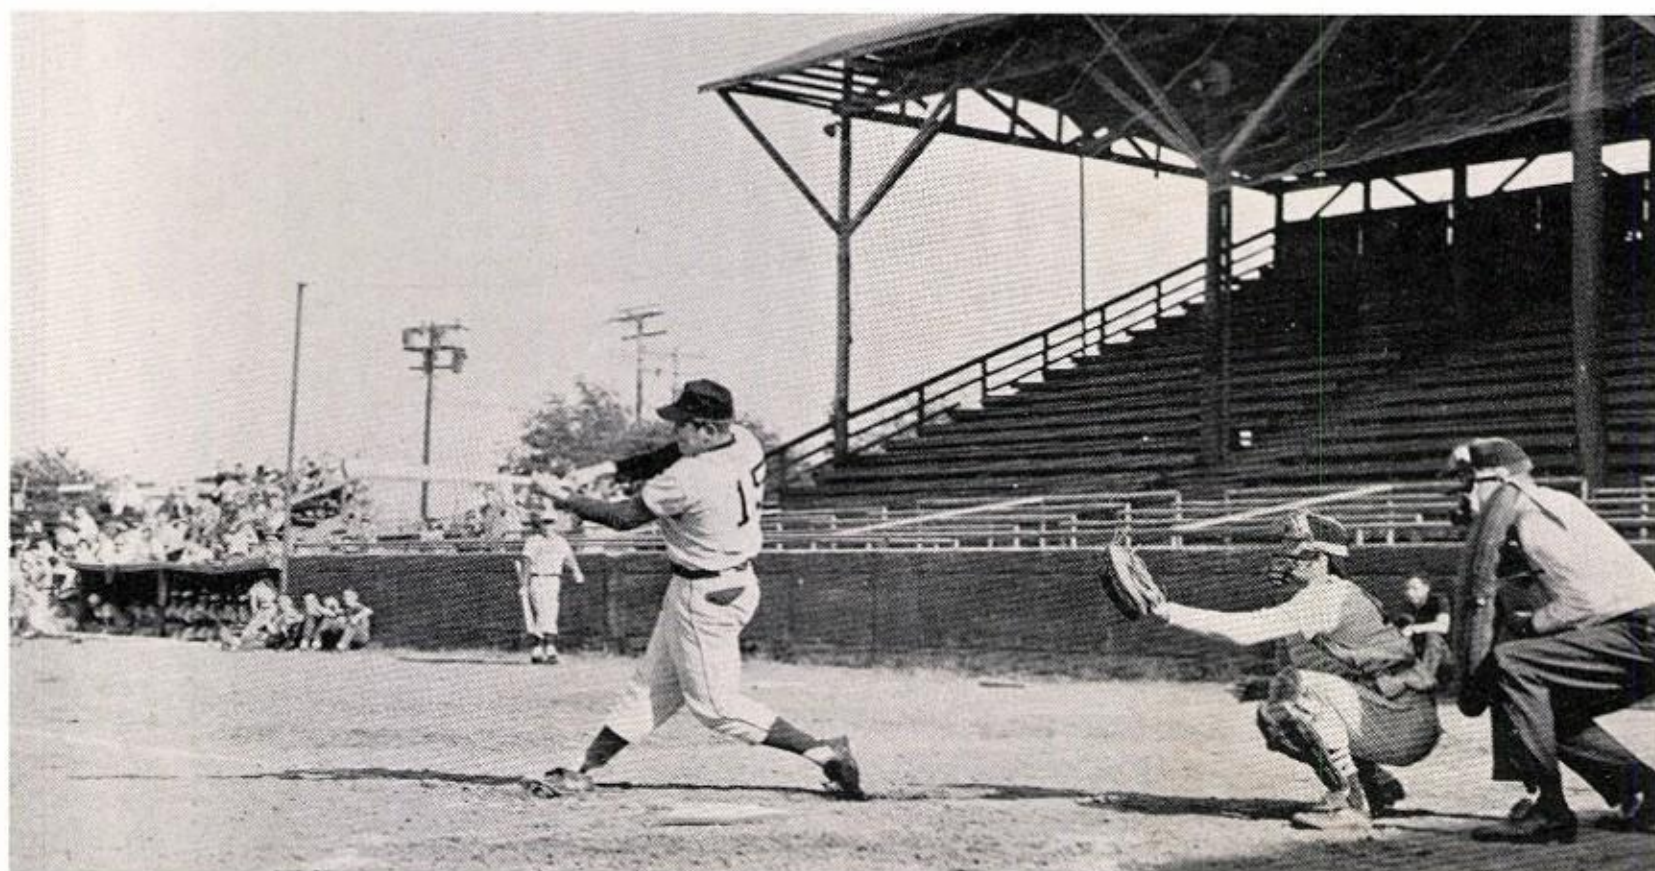

THE BASEBALL COACH . . . The 1959 Wildcats were molded under the careful guidance and leadership of Coach Robert Abshire who has been at the helm of the PHS ball club for two years. In these two years, the Cats have won the 1958 6AAA District title and advanced to regional play in 1959.

Coach Abshire did not play baseball in PHS because during his four years Paris High did not play baseball. He did play football and basketball and professional baseball for four years. For the 1960 PHS baseball season he will have 14 from his 1959 Bi-District Champs.

Patrolling the outfield grass are Larry Oakes, Hurshell Stinson, and Denis Frank.

THE PEOPLE WITH whom we dealt everyday in and out of class made up our world. Without people there would have been no groups, action, advertising, or events. People created the fun and excitement that was savoured by all.

Our teachers, through the means of their knowledge, efforts, interest, and unselfishness, handed us the "World on A String." We, as students, were advised to make the most of every opportunity and every situation.

People, with their shortcomings and virtues, added the "extras" to every day and made life something special.

“YOUNG MEN AND YOUNG women, I believe . . . ” This was the way that Mr. Justiss usually began his popular impromptu speeches. We at Paris High School grew to love every word that he said to us, for we knew he was genuinely interested in us and our welfare.

From our football games to our Junior-Senior Prom, Mr. Justiss showed his interest in our affairs. He usually had words of encouragement to offer all at PHS. His steady expression, his mighty handshake, his funny little wave . . . all of these characteristic things made Mr. Justiss a part of **OUR WORLD**.

An hour each day, an activity credit a year was given by and to these girls as Office Assistants: Sylvia Fodge, Sidney Williams, Virginia Wells, Nancy Saylor, Lacreia Scott, Amanda Stanley, Patsy Vaughan, Shirley Jones, Mary Margaret Dempsey, Peggy Holcombe, Martha Clement, Nancy Lowe, Betty Graham, Sue Barnett. Seated is Margaret Wilkins checking the files and Judy Miller posting absences.

EACH SPRING THIS question arose, "May I be an office assistant next year, Mrs. Wacasey?" From these applicants were chosen the ones to be "errand girls" during the year.

In addition to knowing nearly everything in school before anyone else knew it, they were constantly on the run. They collected attendance sheets, posted absences, delivered telephone messages, and helped with attendance checking. Even though they had mimeograph ink on their hands, they had smiles on their faces.

as It Efficiently Handles All School Business

A SOOTHING VOICE, a steady smile, a true friend . . . Mr. Dee Cunningham, principal of Paris High School, was all of these to the student body.

He could always be seen at any activity in which Paris High School students participated. We were welcome to visit Mr. Cunningham in his office at any time to check credits, to obtain information, or just to talk with our principal.

It never failed to be a surprise to all, that he knew every student in school by his first name and could usually give a short history of each. OUR WORLD would not have been the same without Mr. Cunningham and his reassuring manner and ability.

Mrs. A. V. Wacasey and Mr. Felix Gibson discuss one of the many problems to be solved in the main office of Paris High School.

THE PARIS HIGH SCHOOL English Department consisted of seven English teachers. Throughout the day, these teachers met thirty-one classes. With the increasing stress placed on science and math also came an increasing stress on our native tongue.

The students were made to realize that all the scientific knowledge that could be obtained would be useless without the ability to express and tell others of that knowledge. This ability was acquired through an extensive and thorough study of our language and literature.

Self-Expression, Main Goal of English Classes

FROM TERM THEMES to verb tenses, from Shakespeare to Whitman, these were the bounds of the Paris High School English Department. We learned to express ourselves clearly and concisely, and we soon realized that English was essential to everyday life.

Our English department brought the world of literature to Paris High students. We were whisked to other countries and cities by the magic of words. We also learned much about our own country through our literature. Through our study of English grammar, we learned to improve our spoken language as well as our writing. We graduated from PHS with four years of English to our credit.

Foreign Languages Bring Culture to Our School

THROUGH THE GERMAN, Latin, and Spanish classes, the students of PHS had a glimpse into the habits and customs of people in foreign lands. Speakers, trips, and symbols also enhanced the interest of students enrolled for these subjects. Foreign language students learned that a knowledge of other countries made for a more peaceful world.

AS STUDENTS PROGRESSED into the study of history, American, world, Texas, they came to realize the importance of that subject. They were made to see how we today can profit from the mistakes of yesterday.

The Social Science Department in PHS included world history, American history, Texas history, civics, and economics. Two units in social studies, including one unit in American history, were required of graduates from Paris High. As the year ended, students in this department could discuss current history and tie it in with past happenings.

"Maps and globes make world history an adventure," explains "Butch" Williams to "Pete" Kennemer and their teacher, Mrs. Leonard Coker.

Mr. R. F. Edwards tells his American history class to "put a little sand on the track" in studying and more will be gained from it.

MANY PHS STUDENTS prepared for their life work while in high school by taking courses that gave them actual experience. The shops, homemaking courses, and business courses offered the best in manual training possible.

In these classes the students learned efficiency in caring for a home, in woodwork, in metalwork, and in typing, shorthand, and bookkeeping. They completed these courses and in a measure prepared for future vocations.

"All I can do is make mistakes!" lament the typing students, but they will soon discover the use of typing every day both in school and in business.

Lacrecia Scott and Mary McClanahan find the adding machine very helpful in bookkeeping.

A watchful eye plus careful hands equals a perfectly finished product. Melvin Whitaker is observing both as he operates the electric power saw.

Vocational Courses Develop Natural Aptitudes

First things first applies to sewing also. These girls, Shirley Shew, Barbara Gunter, and Sue Barnett, cut out their patterns and then use the sewing machine.

TANTALIZING AROMAS FROM the cooking lab, nerve-racking sounds from the business department . . . these were all signs of progress in the learning-by-doing-process. Students taking vocational subjects were using their natural abilities and making preparations for their future, whether it be college or immediate employment.

Music Adds a "Special Touch" to OUR WORLD

PRACTICE MAKES PERFECT, and the PHS music department provided plenty of practice for each band and chorus student. Aside from the daily classes, there were practice periods throughout the day.

Paris took pride in its music department and watched with interest as the music students continually placed high in all competition.

WHILE PURCHASING A yearbook on O-Day in September, 1959, each student nominated a boy and a girl for OWL Sweethearts. Nominations were tabulated and the choice of each class was revealed when each presented its nominees in assembly with skits prepared to secure student body approval. Secret balloting followed the assembly. Then followed the long period of waiting for the revelation of the winners.

On December 11, in the dazzle of the Winter Wonderland of the Seniors, Pat Jessee, yearbook editor, stepped to the microphone and ended the suspense with:

"The biggest night of the year is here,
The time of revelation is near,
For the OWL picks his '60 Sweethearts

SIXTEEN SENIORS WHO displayed outstanding qualities of scholarship, leadership, and service in school and in personal life were chosen by the faculty to be Junior Business and Professional Women and Junior Rotarians. Unreproachable character and school loyalty were considered by the faculty when voting for students to merit this honor.

Each month the girl selected visited the Business and Professional Women's Club as an honorary member. The boy selected visited each meeting of the Rotary Club for his month. These sixteen students made for better public relations between the PHS student body and the citizens of Paris.

Donna Burch Allen Paul
Junior Best All-Round

A WARM SMILE and friendly "hello" were well-known characteristics of these two capable people. Both Donna and Allen bubbled with personality and were always ready to serve both their classmates and school.

They not only stood at the head of their class in personality but also maintained outstanding scholarship. For their ability to lead, determination to have only the best in school and in their own personal life, and their warm personalities, the Juniors felt them to be their logical choice for Best All-Round.

We Remember This

DESPITE THE bustling activity of the Senior year, the '60 Class seemed always to find time to laugh and talk. Fond memories of these hours of being with our high school friends will linger in our minds. Before classes, at noon, and after school, we found time for leisure.

Seniors, "Skippy" Langley, Johnny Howard, Jimmy Singer, Bill George, H. T. Hyde, and Clyde Bateman lead the way in "radiator creasing" and gossip. And boys, at that!

Senior Rings

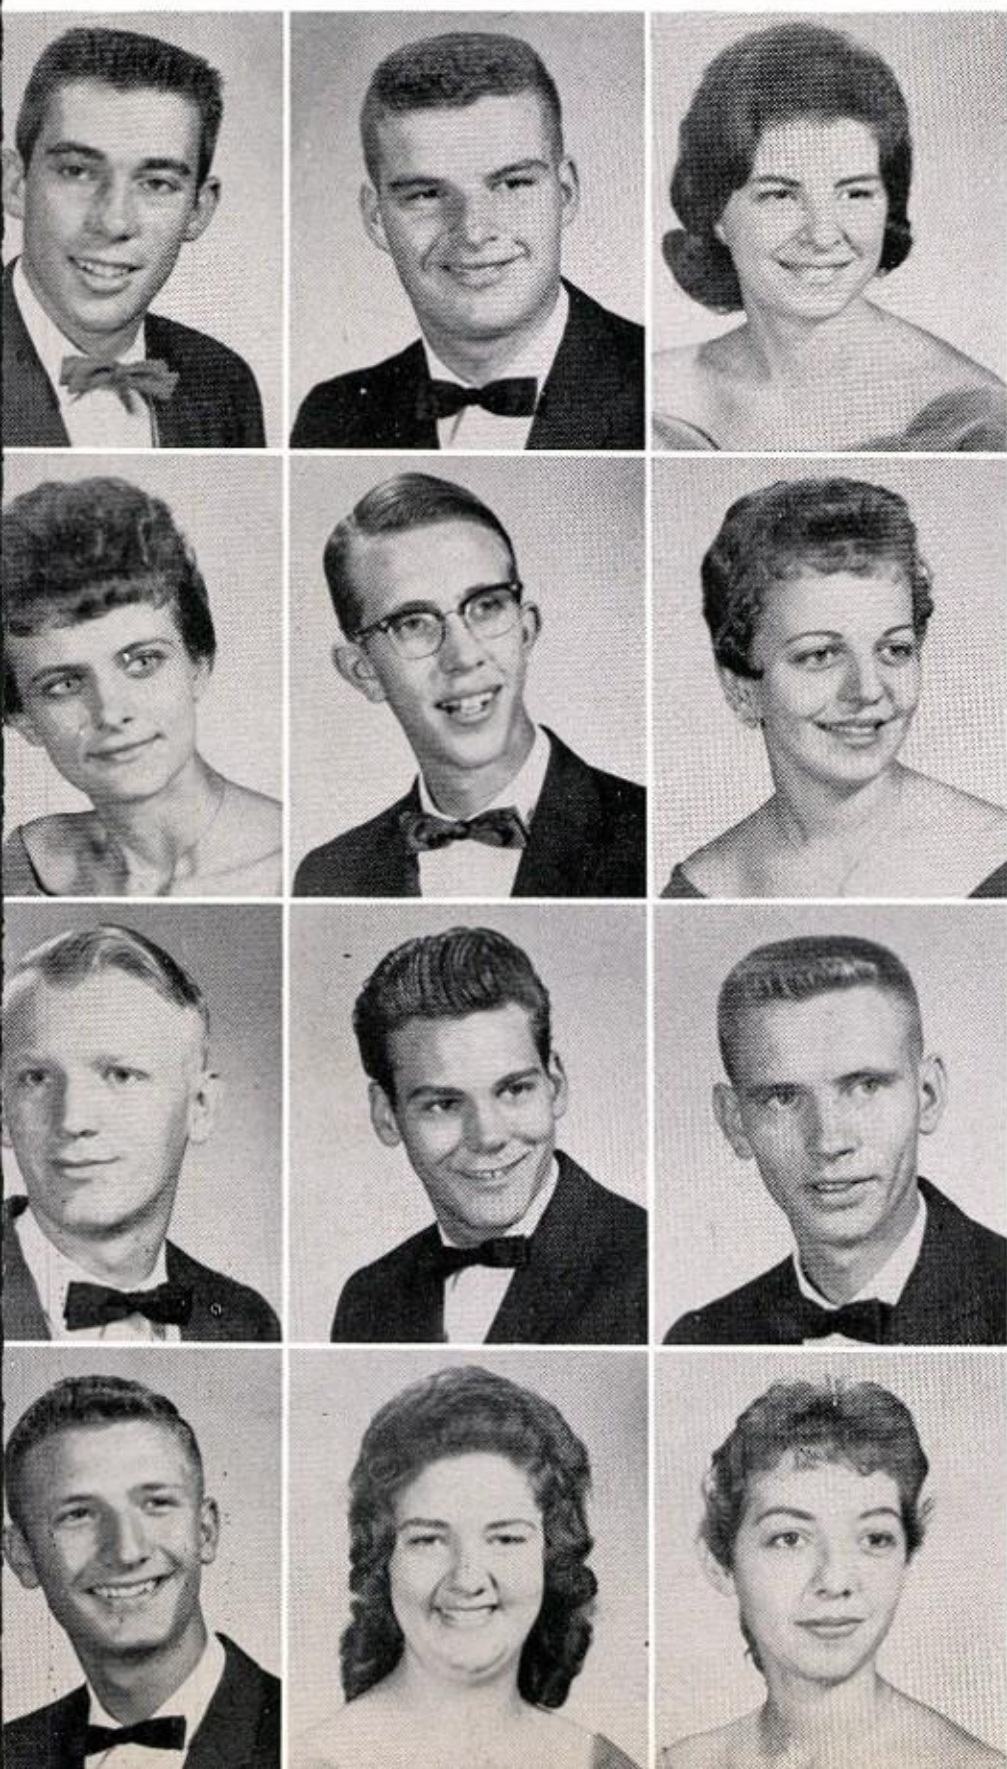

"OUR RINGS ARE IN!"

called excited Seniors as they strutted thru the corridors with hands held high to display the new finery. Being tops at PHS meant not only getting our treasured rings but taking the Senior seats in the auditorium. Graduation and thoughts of leaving our alma mater brought nostalgia.

Mr. Bob Staples writes the receipt for Dudley Parham's Senior ring. Harry Miller stands next in line.

Reflections

AS SENIORS BEGAN the final year at PHS, realization came that things were being done for the last time . . . last pep rally and football game . . . last prom . . . final assembly. Senior "get-to-gether" slowly faded to make room for approaching June.

Walking across the stage to get our diplomas, flashes of past school life crossed with us, and we took our places not only as PHS graduates but as leaders and citizens of the future.

New Worlds Discovered in College Catalogues

POSTER PARTIES have become a vital part of an election campaign at Paris High. These "gems" of art have captured many eyes and votes in the competition between classes.

The parties not only accomplished many posters but also furnished entertainment for fellow supporters of each candidate. This type of party also often gratified the desires of party givers to open their homes to friends.

A typical poster party at H. T. Hyde's let Jerry Durham, Linda Thrash, Clyde Bateman, and Judy Sherman draw, eat, clown, and have fun.

Juniors Experience Exciting Third Year at PHS

WITH TWO YEARS down and two to go, the Juniors began the 1959-60 school year. The class could well be called the business tycoons of PHS, for they were reputed for their money-making schemes.

There was never a dull moment or a lull in activity. Loyalty to school and class, and an abundance of energy and school spirit made the 1960 Juniors an outstanding class.

President Johnny Hesley and Steve Weger give their all at the Senior Winter Wonderland Christmas party. Mr. Floyd Weger lends valuable assistance.

Judy Sherman names the choice of the Juniors for Best Citizens and presents certificates to Mike Johnson and Donna Burch. Judy is assisted by Butch Perry in the presentation.

A FIRST . . . Mug shots for the class section this year were taken both in black and white and in color. A dual camera was used and two pictures shot at one time. Thus the students received all-color packages. Two negatives were necessary because only black and white mug shots can be used in the yearbook.

Amid much popcorn and confusion, Mr. Dee Cunningham, principal, presents the Sophomore Nominees for Owl Sweethearts to the student body.

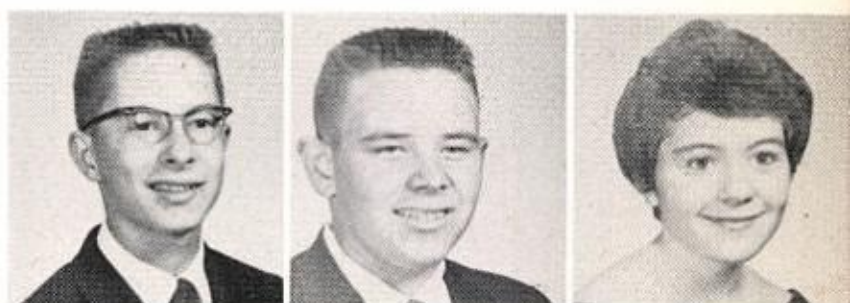

1960 WAS THE second year for the Sophomores at Paris High School. They were no longer considered scatter-brained Freshmen who wandered the corridors in awe. They took their turn at selling lunch-room and elevator tickets and laughed at the new Freshmen. They shed the title of "Fish" and came one year nearer to being upperclassmen.

Butch Perry presents Best Citizen Certificates to the Sophomores' choice, Kaye Shelton and Ronald Antoine.

"The Winnahs!" shouts the Freshman class as it presents its nominees for the 1960 Owl Sweethearts.

THE 1960 FRESHMEN began their first year at Paris High School with enthusiasm. Not only did their spirit and loyalty spread throughout the student body, but their class supported its nominees, and for the third time in the history of the yearbook, won the Owl Sweethearts contest.

With the pace already set by this class, the next three years could only be outstanding for the class that will publish the golden anniversary Owl for PHS students.

Emcees

Mr. Felix Gibson, assembly director, designated the following students as Emcees (Pictured above): Skippy Langley, December; Bob Rodgers, September; Pat Jessee, Novem-

ber; Robbie Jo Peek, January; H. T. Hyde, October; Webb Biard, April; Judy Sherman, March; Nelda Francis, May; and Carlton Crittenden, February.

THE THREE SERVICE groups pictured on this page played an essential part in Paris High School activities. At each assembly, the student body was greeted with a smile and a big hello from an efficient emcee. Even on a moment's notice, the projectionists gladly ran films and slides from biology to football plays.

D. C., Iola, and Mr. Davis kept Paris High as "clean-as-a-whistle." Of course, Mart was always found keeping the gymnasium in "tip-top" shape.

Custodians receive instructions from Mr. Dee Cunningham. They are Mr. B. F. Davis, Iola Bonner, Mart Wooten, and D. C. Edwards.

"Have Service, Will Render" Is Their Motto

Pictured is a representative group of PHS Projectionists: Eugene Adams, Jack McCubbin, Kenneth Johnson, Geron Crumley, Charles Crumley, Robert Winn, and Jackie Lancaster. Not pictured: Kelsey Gibbs, Richard Norwood, Garry Cummings, Jimmy Shuler, and Ronald Prince.

THIS ADVERTISING SECTION is a shopper's guide, for it contains references to any business or profession that a student or his parents might need.

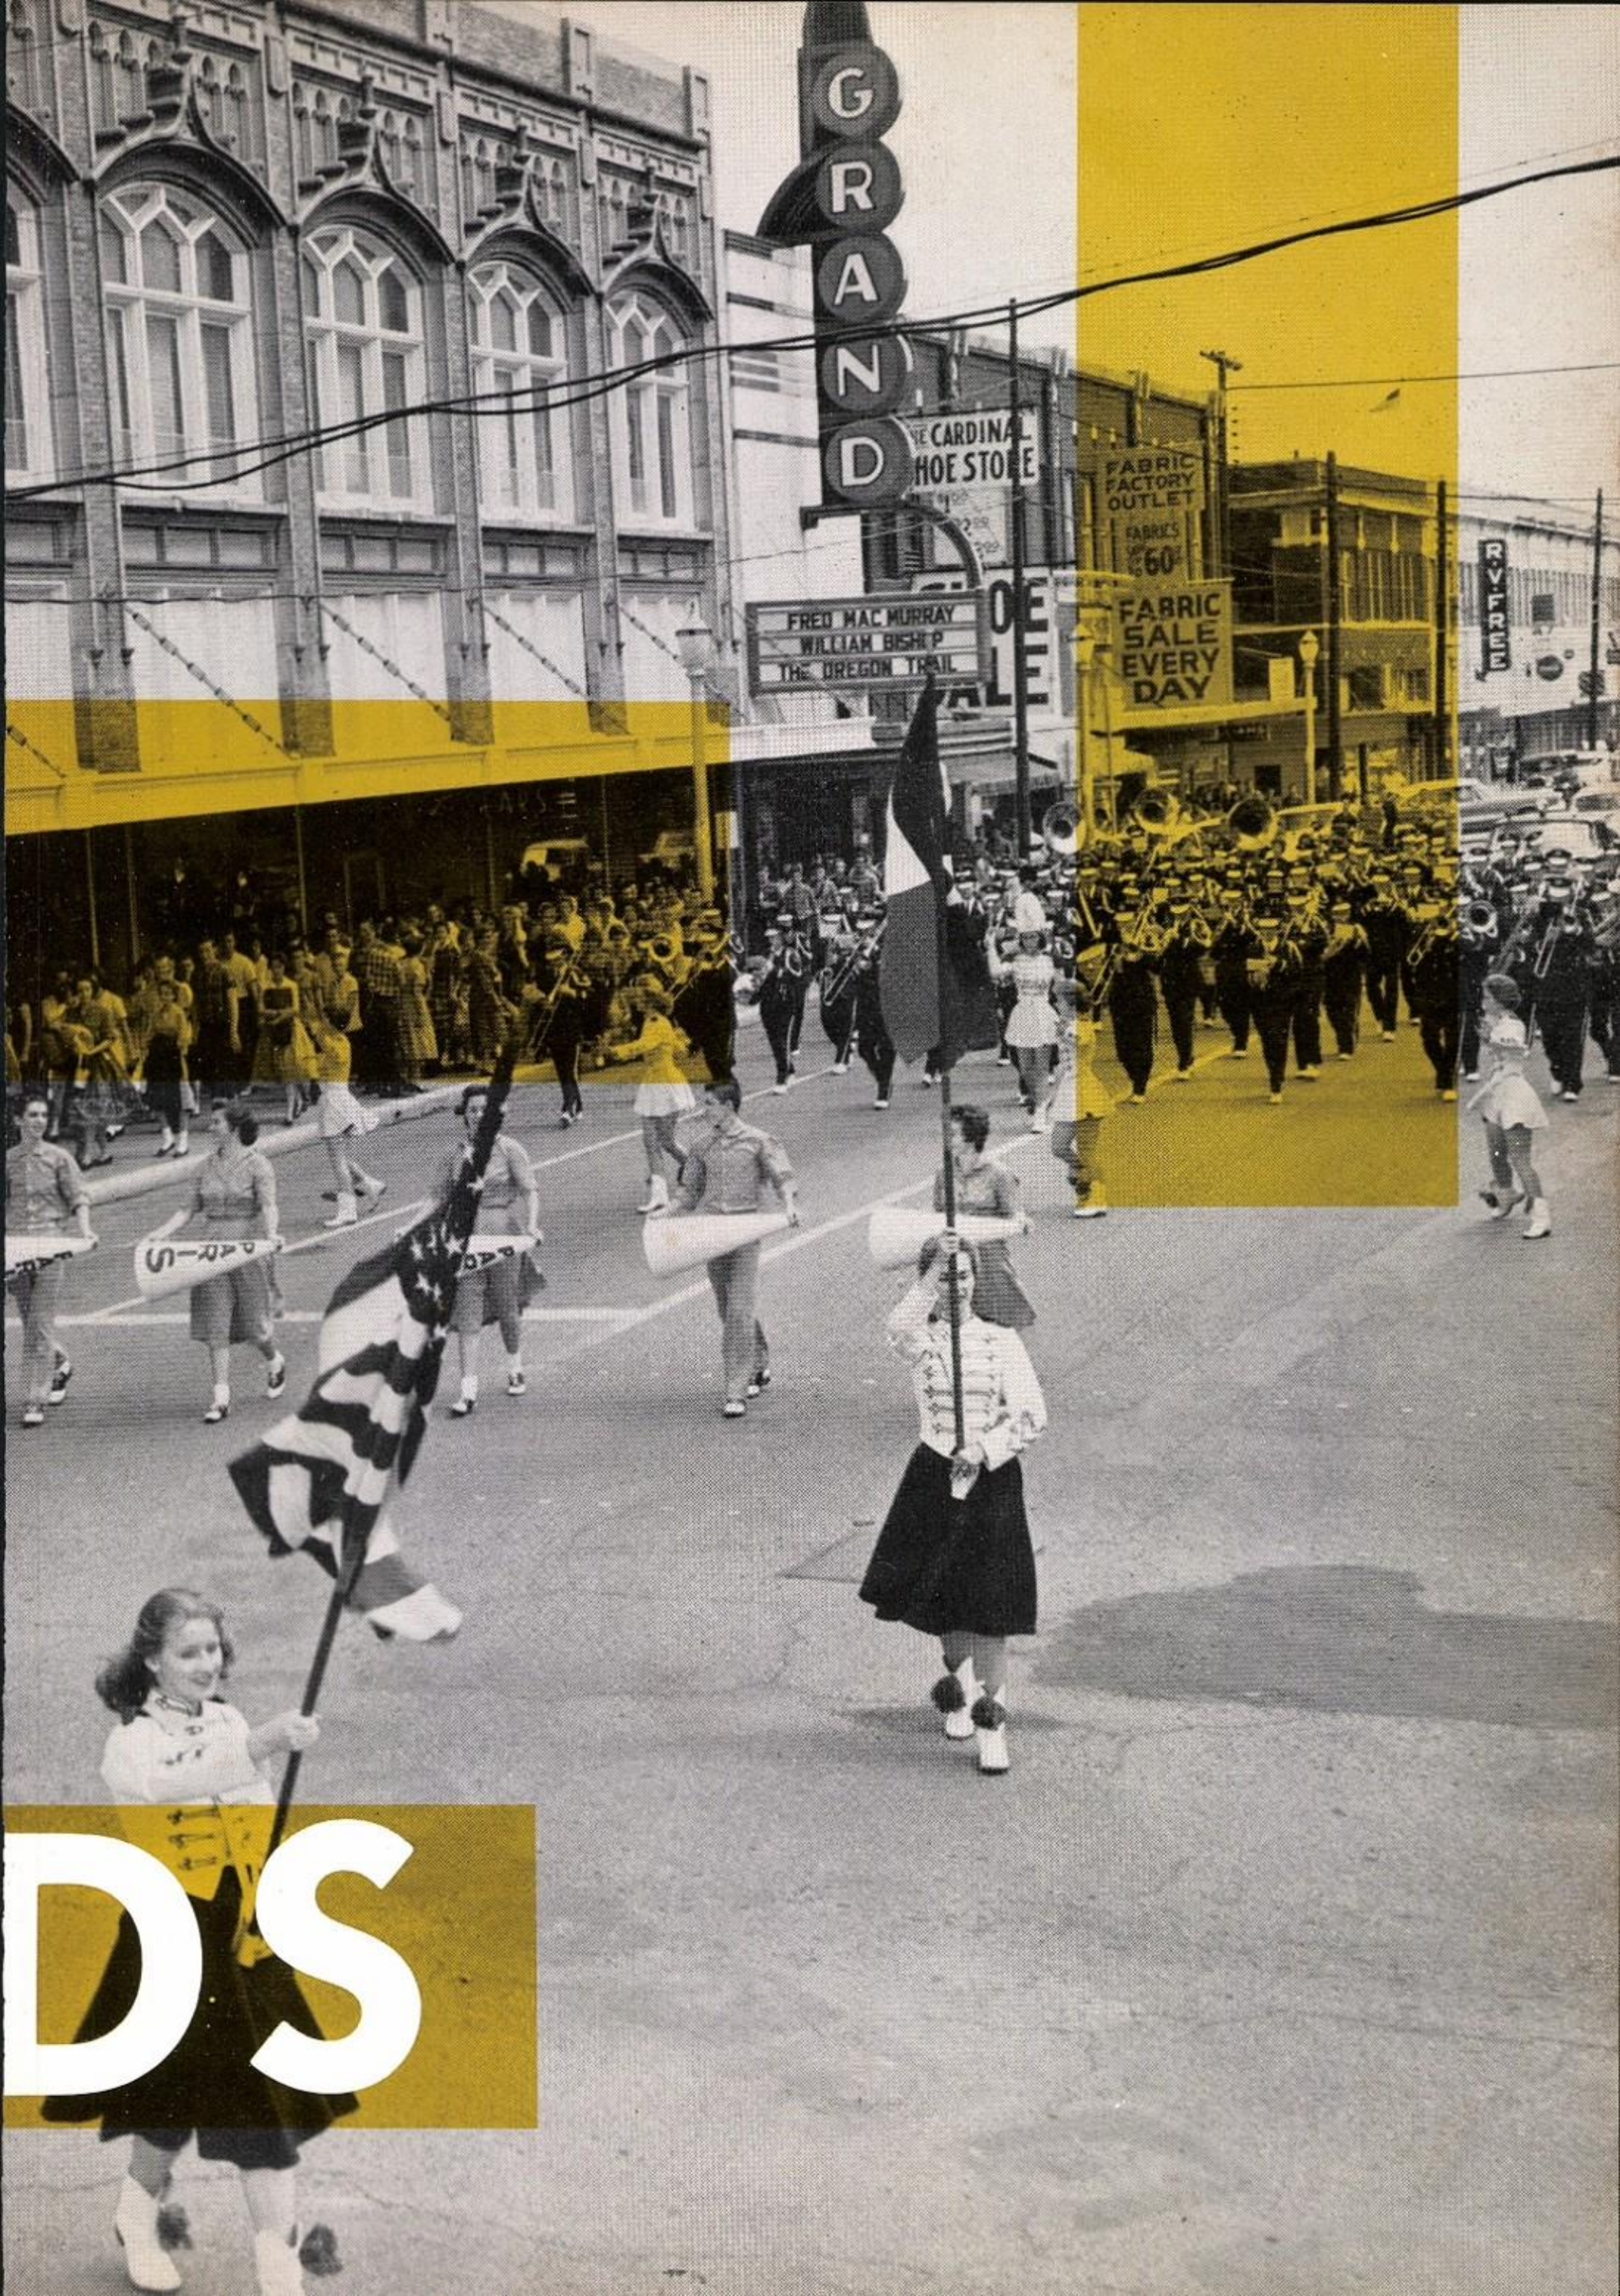

The business and professional men of Paris recognized that PHS students were not only their future but their present customers. It was difficult to imagine "What A World" we would have had without the products of our advertisers and the men who take a leading role in our busy world.

We at Paris High School felt fortunate that the business and professional men took an interest and showed confidence in PHS and its students.

OUR CITY — Looking east on Lamar Avenue as the PHS Blue Blazes leads the student body to the Plaza for a pep rally.

String Along

Dear Robert,

I though it has been quite a while since I have seen you or heard from you, my concern and fondness have not diminished. I would truly be lonely to see you again. I fervently hope that you are happy in your new walk of life. There are so many things that I would like to say, and yet I feel unable to do so. This probably seems unusual to you. You often commented on my long news accounts, if you remember. As you can see, it still takes a lot of space for me to say anything, and even then, so much must be left unsaid. I am not being trite, but quite sincere; when I say that I hope and pray that God will bless you richly. He miss you on the Cats' Meadow.

affectionately
Dorothy Allen

B&W Engineers studying arrangement of test core for a nuclear reactor designed and manufactured by B&W. Nuclear activities at B&W are just one of the many interesting areas open to qualified young men and women.

A message to young Americans planning a career in science or engineering

America's future — its growing economy — needs qualified, well trained young men and women. In the fields of science and engineering particularly, there is a great need for more skilled people.

Great rewards — financial and professional — can be yours if you decide to become an engineer or scientist. Your contribution to our country's future will be a challenge and you'll achieve much satisfaction from mastering difficult tasks. Your solutions of these problems will advance man's knowledge a measurable amount.

There is a critical need for the skills of engineers and scientists

in industry. Babcock & Wilcox Company, for example, continually uses the knowledge and skills of its engineers and engineering technicians in the metallurgical, chemical, mechanical, civil, electrical and nuclear engineering fields. We also employ the services of physicists, mathematicians, and other scientists in associated work.

We invite you to stop in and talk with members of our Personnel Department. They will be glad to discuss your plans for your career and to offer suggestions which may help you make one of your most important decisions.

March, '59, WORLD Begins to Turn for '60 Staff

IN MARCH, 1959, Juniors who wanted to work on **THE 1960 OWL** staff began their training for yearbook work. Now, one year later, it seems impossible that so much could have happened in twelve months.

Summer staff sessions, in which preliminary plans for the year were made, soon gave way to circulation meetings which included top-notch salesmen from the Sophomore, Junior, and Senior classes. With the combined efforts of these salesmen and the staff, 99% circulation was accomplished.

Hectic picture-taking and advertising campaign followed. In October, after having topped all records, the advertising campaign ended. The staff then settled down to the routine work of putting a yearbook together. Layouts, drawn last spring, were revised, pictures were taken, and copy prepared. Careful proofing preceded every shipment of copy. Every word had to be spelled correctly, every sentence complete, and every paragraph had to have coherence.

Sprinkled throughout the year were various staff trips and parties. The staff journeyed to Denton and Dallas and heard such people as former President Harry S. Truman and Senator Lyndon B. Johnson speak. Every month staff members celebrated birthdays, and in December they enjoyed a Christmas party. Senior members and photographers received jackets or sweaters representing a year of staff work.

As the last deadline passed and the time for presenting the yearbook to the students and faculty drew near, those working in room 118 were amazed that one year could pass so rapidly. Where had the time gone?

As the bustle and confusion of yearbook work subsided, we of **THE 1960 OWL** staff hoped that our "brain child" would be favorably accepted by PHS students and faculty. We had worked for this and also that our town might be able to see our school more vividly through the history of the year as presented in the 1960 yearbook when we had **OUR WORLD ON A STRING!**

Prospective 1960 OWL staffers work on preliminary dummy sheets to be used in their book.

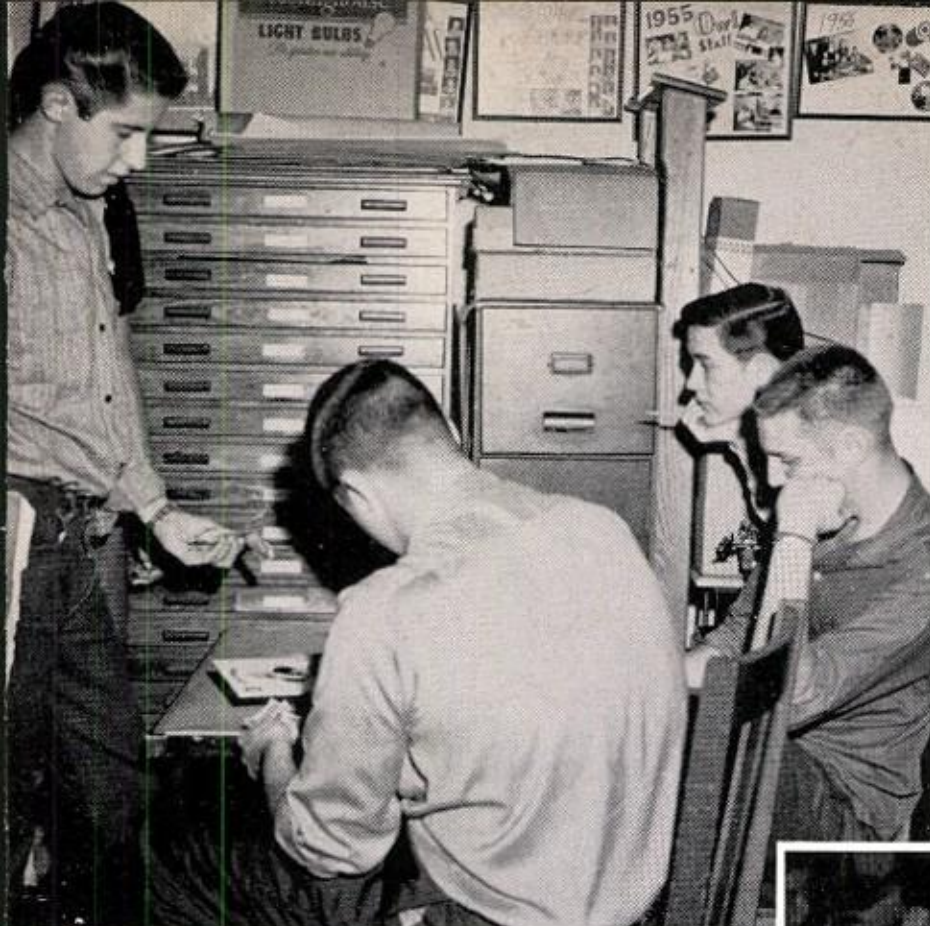

Nancy Hearn and Mary Anne Chamberlin check names and addresses for a successful circulation campaign.

Miss Martha Hankins, sponsor, outlines plans for the fall circulation campaign to staff members.

Those helping with the circulation enjoy refreshments after the orientation meeting for circulation campaign.

Norris McDowell stops by the yearbook office to pay for his pictures. Steve Glasscock accepts the payment and Mike Lindsey and Jerry Durham assist.

Production Whirls Full Speed Ahead

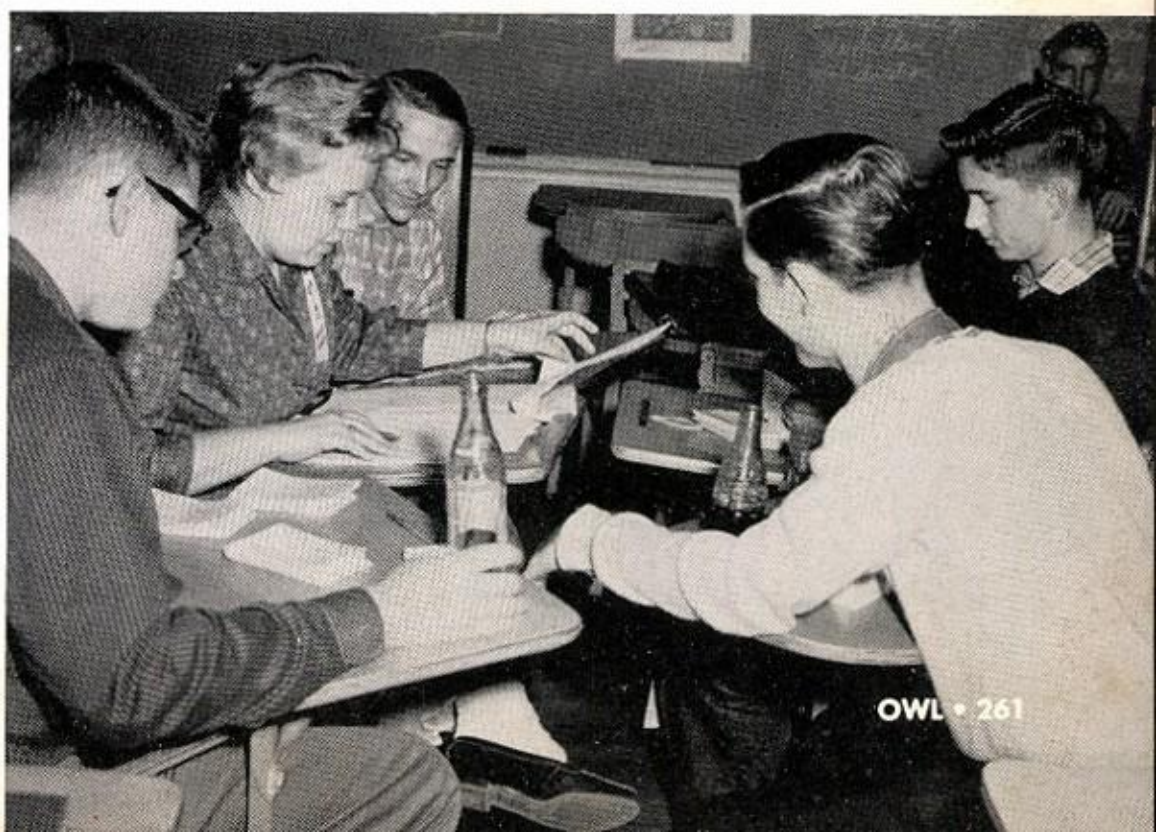

H. T. Hyde, Shirley Carico, and Courtney Townsend study their ad sheets, as they are assigned their ads at the meeting preceding the 1960 advertising campaign.

Linda Thrash, circulation manager, presents awards in a special assembly to top yearbook circulation salesmen, Kaye Parker, Jerry Durham, and Gwen Merritt.

Staff members check and recheck the spelling of every student's and faculty member's name in preparing copy for the yearbook. They use at least four references as they strive for perfection.

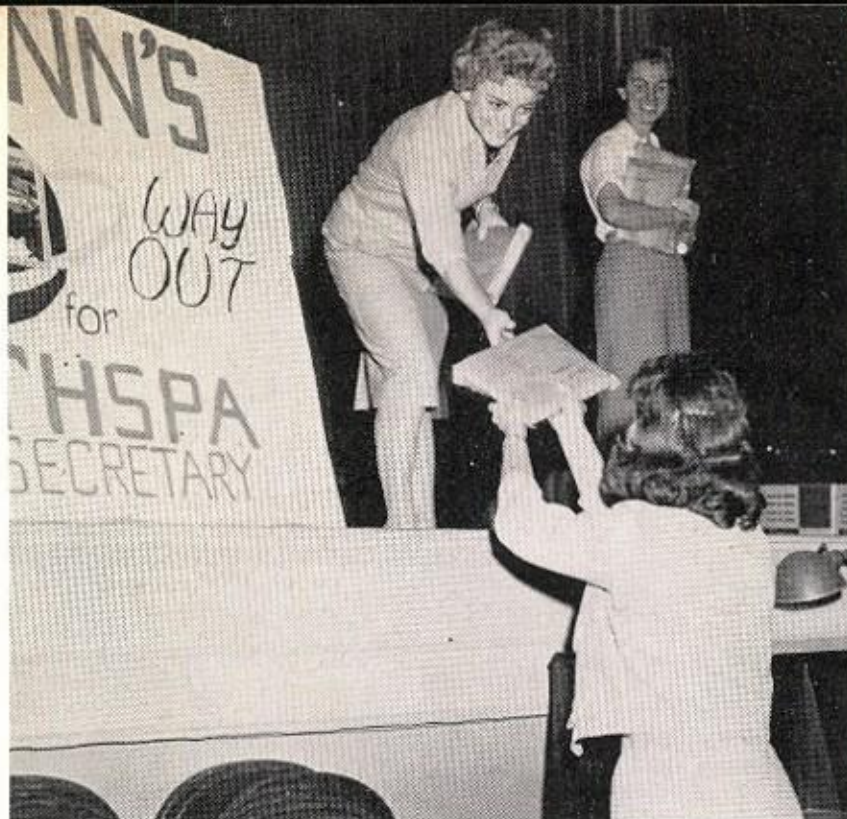

AS WE APPROACH the conclusion of Our Year with **THE WORLD ON A STRING**, we want to say a heartfelt thank you to those people who have proved so vital to our 1960 **OWL**. We fully realize that without their help, the students at Paris High School would not know the pleasure of receiving a record of 1959-60 in words and pictures.

Without the help of Mr. Joe Denney at Evans Studio, Taylor Publishing Co., Mr. Jay Tom Holley, Mr. Ed McMeans, The Paris News, Bill and Ronnie Thompson, and Mr. Bill Wheat and School Pictures, Inc., our 1960 yearbook could have never been completed.

To those of you who have helped with circulation and advertising, the faculty and student body, and our advertisers, we give full credit.

Trips, Parties, Hard Work Make Full Year

Pat Jessee accepts the First Place Award for **THE 1959 OWL** from Karla Richardson, THSPA Secretary, at the meeting in Denton.

While at the North Texas Student Activities Conference at SMU in Dallas, the '60 OWL staff was privileged to hear former President of the United States, Harry S. Truman. Here Mr. Truman enters McFarlin Auditorium to address the journalism delegates.

Courtney Townsend makes more room for extra luggage before the staff leaves the Texas High School Press Association Convention at TWU in Denton.

Nelda Francis hands out ballots to the voting delegates during the THSPA Convention.

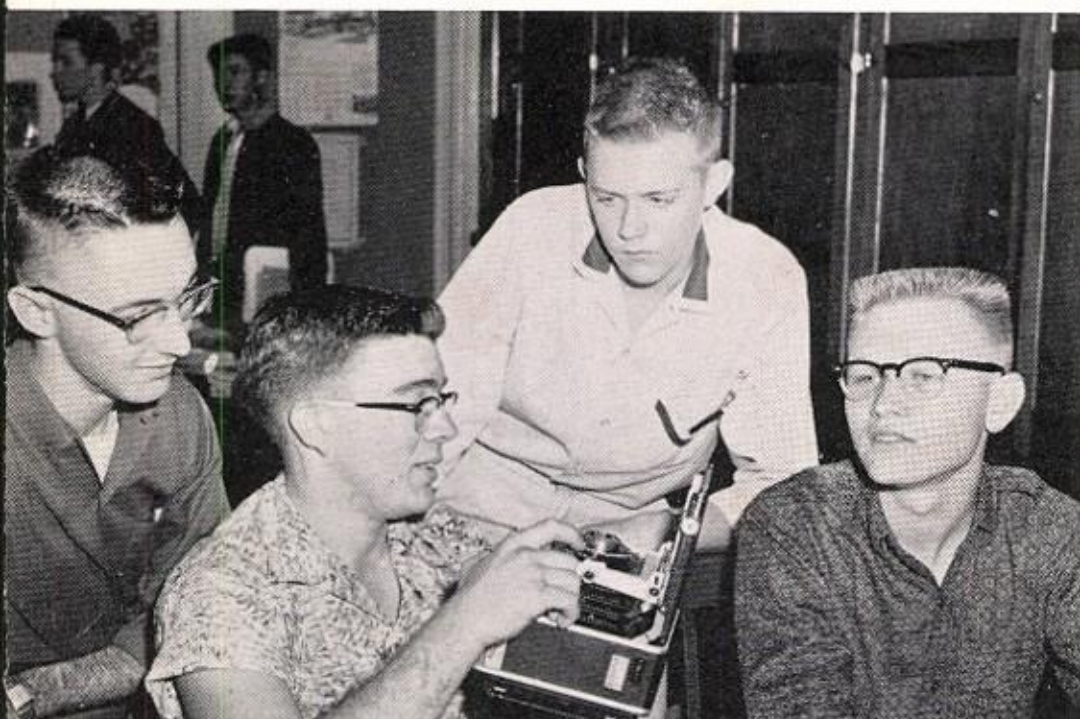

A highlight of our year on the staff was to hear an address in our own auditorium by Senate Majority Leader Lyndon B. Johnson. He was accompanied by Congressman Wright Patman, Texas Senator A. M. Aikin, and other dignitaries.

WORLD Halts in March

Yearbook sponsor, Miss Martha Hankins, and Mary Anne Chamberlin see that everyone is served at the celebration honoring the birthday of Joe and Mark Thurmon.

The four photographers, Ted Cotton, Glenn Todd, James Wilson, and Billy Don McCoy, discuss the shutter speed of the Super Graphic.

The editorial board, Katherine Clay, literary editor; Pat Jessee, editor; and Frank Polhemus, associate editor; prepares copy for the yearbook.

At last! Miss Hankins and Principal Dee Cunningham present 1960 staff members their well-earned jackets and sweaters.

NOW WE ARE finished with our book. It is ready to be presented to its public—**YOU**, the students of Paris High School.

We have given to you a complete record of your year at Paris High. You are pictured in the role you played, great or small. Our goal has been to bring to you the realization that **YOU** truly do have **THE WORLD ON A STRING**.

During the high school years, we must firmly grasp the string by which we hold the **WORLD** and to which our destiny is attached. We must hold the string as we develop ourselves to live in the **WORLD**.

This book is Today, but Tomorrow it will be our Yesterday. Thus **THE 1960 OWL** is yours to cherish as the Staff cherished it, to ponder over as the Staff pondered over it, and to love as the Staff loved it, for it pictures your **WORLD** from March, 1959, to March, 1960.

Linda Thrash and Charles Allen admire Charles' gift which he received at the staff Christmas party. What could Sarah Todd be thinking of?
